State of Oregon Promulgation

Federal Emergency Management Agency Approval

I. Introduction to the 2015 Oregon Natural Hazard Mitigation Plan
   - A. Background
   - B. In This Plan
     - 1. Risk Assessment
     - 2. Mitigation Strategy
     - 3. Planning Process
     - 4. Enhanced Plan
   - C. Executive Summary
   - D. State Hazard Mitigation Plan Crosswalk
     - 1. Standard
     - 2. Enhanced

II. Chapter 1: Risk Assessment
   - **A. In This Chapter**
   - **B. Introduction**
   - C. Executive Summary
   - **D. State Risk Assessment**
     - **1. Oregon Hazards**
       - **a. Overview**
       - **b. Introduction to Climate Change**
       - **c. Hazards *(per hazard)***
         - **i. Analysis and Characterization**
         - **ii. Historical Events**
         - **iii. Probability**
     - **2. Oregon Vulnerabilities**
       - **a. Overview**
       - **b. Local Vulnerability Assessments**
       - **c. State Vulnerability Assessments *(per hazard)***
       - **d. Local and State Vulnerability Assessments Comparison**
       - **e. State-Owned Facilities and Critical and Essential Facilities Loss Estimates**
       - **f. Seismic Lifeline Vulnerabilities**
     - 3. Future Enhancements to State Risk Assessment
       - a. Climate Change
       - **b. New Risk Assessment Methodology**
       - c. Cultural Resources

E. Regional Risk Assessments *(per region)*
    1. Regional Summary
    2. **Regional Profile (Regions 1-8)**
    3. **Regional Hazards and Vulnerability (*per hazard)***
        a. **Characteristics**
        b. **Significant Events**
        c. **Probability**
            i. **Local**
            ii. **State**
        d. **Vulnerability**
            i. **Local**
            ii. **State**
            iii. **State-Owned Facilities/ Critical and Essential Facilities Loss Estimates**
            iv. **Lifeline Vulnerabilities**

III. Chapter 2: Mitigation Strategy
    A. **In this Chapter**
    B. **Introduction**
    C. **Mission, Vision, and Goals**
        1. **Goals: Linking the Risk Assessment and Mitigation Actions**
    D. Mitigation Actions
        1. **Mitigation Actions**
            a. **Mitigation Action Tables: Priority, Ongoing, Removed**
            b. **Funding Sources for Mitigation Actions**
        2. **Mitigation Successes 2012-2014**
    E. **Capability Assessment**
        1. **State**
            a. **Policies, Programs, and Capabilities**
            b. **Funding Sources**
        2. **Local**
            a. **Policies, Programs, and Capabilities**
            b. **Local Hazard Mitigation Planning**
    F. Coordinating State and Local Mitigation Planning
        1. Funding and Technical Assistance
        2. Prioritizing Local Assistance
        3. **Local Plan Integration**

IV. Chapter 3: Enhanced Plan
    A. In this Chapter
    B. Introduction
    C. Executive Summary
    D. Compliance with Standard Plan

E. Integration with Other Planning Initiatives
F. Capability Assessment
    1. Project Implementation
    2. Program Management
G. Mitigation Action Assessment
H. Effective Use of Available Mitigation Funding
I. Commitment to a Comprehensive Mitigation Program

V. Chapter 4: Planning Process
A. In this Chapter
B. Introduction
C. Updating the Plan
    1. Process
    2. 2012 Plan Revisions
D. Maintaining the Plan

VI. Acronyms & Glossary

VII. Bibliography

VIII. Appendices
A. Risk Assessment
    1. Dust Storms
        a. DEQ Air Pollution Rule
    2. Volcanic Hazards
        a. Detailed inventory of history and hazards for Mount St. Helens, Mount Adams, Mount Hood, Mount Jefferson, the Three Sisters Region, Newberry Volcano, and Crater Lake
    3. Wildfire
        a. Conflagration Fires 1996-2011
        b. Graphical information displaying trends for some wildfire ignition sources
    4. Windstorm
        a. The Pacific Northwest Dust Storm of 1931
        b. How to Recognize and Prevent Tree Hazards
    5. Winter Storm
        a. Average Annual Snowfall at Various Oregon Stations
        b. Reducing Ice Storm Damage to Trees
    6. Statewide Loss Estimates
        a. State-Owned Facilities/Critical and Essential Facilities Loss Estimates Table
        b. ODOT Seismic Options Report, Appendix E
        c. ODOT Seismic Options Report, Appendix F
    7. 2013 Threat and Hazards Identification and Risk Assessment (THIRA)

B. Mitigation Strategy
    1. **Mitigation Action Tables**
        a. **Initial Evaluation**
        b. **Prioritization Score Sheet**
        c. **Prioritization**
        d. **Level of Support**
        e. **2015 Mitigation Actions: Priority, Ongoing, Removed**
        f. Crosswalk: 2012 to 2015 Mitigation Actions
    2. Archive of Mitigation Successes
C. Planning Process
    1. Planning Process Documentation
    2. Plan Updates
D. Enhanced Plan
    1. **Hazard Mitigation Grant Program Administrative Plan DR-4169, February 2014**

INTRODUCTION

< Placeholder for Introduction:>

A. Background

B. In This Plan

1. Risk Assessment
2. Mitigation Stratgy
3. Enhanced Plan
4. Planning Process
5. References
6. Glossary
7. Appendices

C. Executive Summary

D. State Hazard Mitigation Plan Crosswalks
