Dear Claimant, Interested Persons or Klamath Basin Water Right Holder:

For many of you, this is the first communication you may have received from the Oregon Water Resources Department (WRD) regarding the Klamath Basin General Stream Adjudication. For others, it is another notice in a series of notices informing you of impending actions by the Department.

It is possible that you may not be aware of the adjudication process or the effect of decisions that will be made in the adjudication that may affect your water right. However, this information and the decisions you make may affect your right to use water from the Klamath River and its tributaries. This letter and the enclosed attachments are meant to inform you of your rights and assist with decisions you may make.

The Klamath Basin Adjudication is a statutory process designed to determine the water rights for uses of water which began before adoption of the Oregon Water Code in 1909, or for uses of water which were reserved to the federal government or Indian tribes.

Oregon distributes water based upon the doctrine of prior appropriation. This means that those with water rights with older or senior priority dates are more likely to receive water in times of when there is not enough water to meet all demands than those with more recent or junior rights.

Most of the claims for water rights made in the Klamath Adjudication are for priority dates before 1909. This means that if these claims are approved and finally decreed by the court, they will have priority over the use of water that originated and was permitted after 1909. Many of the claims are for a great deal of water and depending upon whether or not they are ultimately decreed, may have a serious impact upon your ability to use water. Therefore, it is important that you become as knowledgeable as possible about the adjudication process and your rights within that process.

At this point a little history may fill in some of the blank spots for you:

The Klamath Adjudication was initiated in the mid-1970's. Through the 1980's the department surveyed water uses in the basin and developed water use maps. In 1990 the first claims were received claiming water use before 1909. Claims were again received in 1997 also claiming water uses prior to 1909 and water uses reserved to the federal government and Indian tribes.

After the last set of claims were received, the Department reviewed the claims for both legal and technical sufficiency. The Department published its "Summary and Preliminary Evaluation of Claims" on October 4, 1999. On the same day, the department opened all the claim files to public inspection. These files are located at the department's office in Salem and will continue to be open for public review.

With this letter you have received a notice of your ability to "contest" any claim made in the Klamath Adjudication and/or any of the preliminary evaluations of claims made by the Department. Forms and instructions have been attached for your use, if you so desire. If you hold a valid surface water right; one that is certificated, permitted or decreed in the Klamath Basin, or if you are a claimant in the adjudication, you have a right to file a contest because you are defined as a person having an interest in the waters of the Klamath Basin.

I have attached a list of questions and answers which may assist you as you decide whether or not to file a contest or which may help you with the completion of a contest form. In any case, the adjudication staff at WRD is available to assist you in any way we can. If you have any questions or simply need clarification please do not hesitate to call us at 1-800-624-3199 and ask for the adjudication staff.

Sincerely,

Richard D. Bailey, Adjudicator

In The Matter of the Adjudication of the Waters of the Klamath Basin

Notice of Opportunity For A Contested Case Hearing Regarding Claims

To: Persons Having an Interest in the Waters of the Klamath Basin

Pursuant to O.R.S. Chapter 539, the Department of Water Resources has initiated an adjudication of certain water rights in the Klamath Basin. The Department of Water Resources has received claims for vested water rights with a priority date before 1909, and for water rights based on federal law. The Water Resources Department has reviewed these claims, and has made an Preliminary Evaluation of these claims.

The claims and the Department's Preliminary Evaluation are available for inspection in the Salem Office of the Water Resources Department at 158 12th Street NE until March 31, 2000.

If you disagree with any claim, or the Water Resources Department's Preliminary Evaluation of any claim, you are entitled to a hearing regarding that claim. If you want a hearing, you must file a statement of contest between April 3, 2000 and May 8, 2000.

A statement of contest must be substantially in the form set forth in Water Resources Department rules. The statement of contest must state with reasonable certainty the grounds of the contest. A form statement of contest is available from the Water Resources Department.

The request must be mailed, delivered or faxed to the Water Resources Department at 158 12th Street NE Salem OR, 97310. If a statement of contest is not received within this period, your right to a hearing shall be considered waived. Parties to the proceeding shall be limited to claimants or water right holders who file a contest within the contest period (contestants), and claimants whose claims are contested (contestees). There will be no other parties or limited parties. Except as provided in ORS 539.210, no person or entity will be permitted to file a contest or intervene after the end of the contest period.

The Water Resources Department is authorized to hold the hearing under ORS 539.100, 539.110 and 539.130. The hearing will be conducted as provided in applicable portions of the water adjudication statutes (O.R.S. Chapter 539); Department of Water Resources rules governing adjudications (O.A.R. Chapter 690 Divisions 28, and 30) the Administrative Procedure Act (O.R.S. Chapter 183); the Attorney General's Uniform Rules (O.A.R. Chapter 137; Division 3).

If you request a hearing , the Department will notify you of the time and place of the hearing. You will have the right to be represented by counsel at the hearing. The Department or the Hearing Officer will give you information on the procedures, right of representation and other rights of parties relating to the conduct of the hearing before commencement of the hearing. A Collaborative Dispute Process is available as an alternative to a contested case hearing in this matter. If you choose to participate in such a process, it will not affect your right to a contested case hearing and the matter is not resolved through the collaborative process, as long as a hearing request is received by the Water Resources Department within the time period stated above.

Richard D. Bailey, Adjudicator
Klamath Basin Adjudication

Notice Date: 02/11/2000

Who may file a contest?

A person holding a surface water right within the Klamath Basin or a claimant in the Klamath Basin Adjudication may file a contest.

Should I file a contest?

You may challenge either the factual or legal basis for a claim or the Adjudicator's *Preliminary Evaluation* of a claim. Some specific reasons for contests include: the claim asserts the wrong priority date, quantity of water, or the area of use. ***You must state with reasonable certainty the grounds for your contest or it will not be considered by the Adjudicator.***

Am I required to hire an attorney if I want to submit a Contest?

No. Unless you are a corporation, partnership, unincorporated association or government entity, Oregon law does not require you to be represented by an attorney in this proceeding. However, you have the right to be represented by an attorney if you desire.

How to File a Contest

1. Complete Statement of Contest	Complete Statement of Contest in proper format as described by the Department's Administrative Rules. A sample form and instructions for a Statement of Contest are attached and are also available on the Department's website at www.wrd.state.or.us.
2. File a Contest	You must file a contest ***between April 3, 2000 and May 8, 2000*** by mailing or delivering the notarized Statement of Contest to: Richard Bailey, Adjudicator Water Resources Department 158 12th Street NE Salem, OR 97301-4172 The contest must be received by 5:00 p.m. on May 8, 2000.
3. Serve Claimant	You must send a copy of the Statement of Contest to the claimant, or their attorney, for the claim and/or the *Preliminary Evaluation* you are contesting (the "contestee") by certified or registered mail. ***See the list of claimants's mailing addresses on the Department's website.***
4. Submit Proof	Send copy of US Postal Service Return Receipt signed by contestee or a statement describing that the claimant was served by the contestant.

What happens after I file a contest?

If you file a contest during the Contest Period, you are entitled to a hearing.

The Klamath Basin Alternative Dispute Resolution (ADR) process is available to all contestants as an alternative to a hearing, whereby a contest may be settled by stipulation, agreed settlement, or consent order. (See "What is the Alternative Dispute Resolution Process" below.)

What happens in a hearing?

The hearing will be conducted by a hearing officer from the state central panel of hearing officers. Hearing officers are not judges, but they generally have extensive experience in administrative law matters and rules that govern this type of hearing.

At the beginning of the hearing, the hearing officer will explain the issues involved in the hearing and the matters that the parties must either prove or disprove. The hearing officer will ensure that the record developed at the hearing shows a full and fair inquiry into the facts necessary for consideration of all the issues.

The hearing officer will not presume that the *Preliminary Evaluation* is correct. To the extent the *Preliminary Evaluation* contains relevant evidence, it will be considered by the hearing officer.

Who will be involved in a hearing?

The parties to the contested case hearing may include the claimant ("contestee") and the "contestant." You have the right to be represented by an attorney at the hearing. If you are a corporation, partnership, unincorporated association or government entity, you ***must*** be represented by an attorney in this proceeding.

The Water Resources staff may participate in the hearing to assist the hearing officer in developing a full record. The Water Resources Department may be represented by the Attorney General's Office.

Who has the "burden of proof" in a contested case hearing?

The burden of proof in establishing a claim will be on the person or entity whose claim is being contested. However, if the contestant makes an assertion opposing a claim, the contestant must present evidence supporting that assertion.

What is the Alternative Dispute Resolution Process?

Parties will be offered an opportunity to settle contests through the Klamath Basin Alternative Dispute Resolution (ADR) process. Because of the size and complexity of the claims filed in the Klamath Basin Adjudication, the Water Resources Department initiated the voluntary ADR process to address adjudication claim issues and other matters related to water allocation and management in the basin. After the contest period closes, the ADR leader will notify all parties that the ADR process is available and will work to schedule any necessary meetings. Use of the ADR process to settle claims is *voluntary*. If a settlement is reached as part of the ADR process, the Adjudicator will incorporate the agreement into his decision, known as the Findings of Fact and Order of Determination.

For more information on the ADR, contact Reed Marbut with the Water Resources Department at (503) 378-8455 Ext 292 or toll free in Oregon at (800) 624-3199 Ext. 292.

What if a contest is not resolved through the ADR process?

If you choose to participate in the ADR process, and the matter is *not* resolved through the ADR process, you will still have a right to a hearing as long as a Statement of Contest is received by the Department within the contest period deadlines.

What happens after the hearing/ADR process?

After the hearing, the hearing officer will issue a *proposed order* including recommended findings of fact and conclusions of law. The parties will have an opportunity to file exceptions to the *proposed order* to the Adjudicator.

The Adjudicator is not bound by the proposed order issued by the hearing officer. The Adjudicator may modify the proposed order issued by the hearing officer when he issues his Findings of Fact and Order of Determination. If the Adjudicator modifies the proposed order issued by the hearing officer in any substantial manner, he must identify and explain these modifications. The Adjudicator may only change a finding of *historical* fact made by the hearing officer, if the Adjudicator determines that the finding of fact is *not* supported by a preponderance of the evidence.

What is the Findings of Fact and Order of Determination?

The Adjudicator's decision, called the Findings of Fact and Order of Determination (Order), will determine all the claims and will be filed with the Klamath County Circuit Court. Once the Order is filed with the court, local watermasters will regulate the rights as described in the Adjudicator's Order, including the priority dates, quantities of water, uses of water and periods of use.

What happens after the Adjudicator files his decision with the Klamath County Circuit Court?

Once the Findings of Fact and Order of Determination (Order) has been filed with the Circuit Court, a party to the adjudication may object to any part of the Order. This objection is called an "exception." If exceptions are filed, they will be heard by the Circuit Court.

For the portions of the Order where no exceptions are filed, the Adjudicator's decision, as described in the Order for each claim, will stand. In other words, the judge may only modify that portion of the Order where an exception is filed. If no exceptions are filed, the Circuit Court issues the water right decree based on the Adjudicator's findings and determination.

Following the Klamath County Circuit Court's decision on any exceptions, the Court will enter a final decree of the pre-1909 and federal water rights subject to the Klamath Basin Adjudication.

INSTRUCTIONS FOR STATEMENT OF CONTEST FORMS:

TO CONTEST THE ADJUDICATOR'S PRELIMINARY EVALUATION OF YOUR CLAIM

Important Notice: The Adjudicator will not accept a statement of contest that does not state with reasonable certainty the grounds of the proposed contest, or which is not verified by a contestant or the contestant's attorney.

1. Use the form titled "Statement of Contest of Preliminary Evaluation: **Your Claim**."

2. The person submitting the contest, or on whose behalf the contest is submitted, is both the "Contestant" and the "Claimant." Provide that person's name in the space marked "Claimant/Contestant" on the left side of the form title. Also provide the claim number on the left side of the form title.

3. In the space under paragraph 1, identify the claim for which the Preliminary Evaluation is contested by claim number and claimant. It is also helpful if you provide additional information about the claim, such as the priority date, the source, and the nature of the claimed right.

4. In the space under paragraph 2, briefly describe the Preliminary Evaluation of the claim.

5. In the space under paragraph 3, state with reasonable certainty the ground(s) for your contest. Be as specific as you can about why you believe the Preliminary Evaluation of the claim is wrong. You may contest either the factual or the legal basis, or both, of the Preliminary Evaluation.

6. In the space under paragraph 4, state the extent of the water right that you believe should be adjudicated to the claimant in this proceeding.

7. In the space under paragraph 5, provide the name and address of the person to whom you want sent notice of hearing and other papers about the contest proceedings.

8. Your Statement of Contest must be a sworn statement. On the last page of the Statement of Contest Form, have the signature of the claimant/contestant, or the claimant/contestant's attorney, verified by a notary public.

9. File the statement of contest with the Adjudicator, at the address shown below, between 8:00 a.m. on April 3, 2000 and 5:00 p.m. on May 8, 2000. The Statement of Contest is "filed" when it is received by the adjudicator, NOT when it is postmarked. Statements of contest received after that time will not be permitted.

10. When you file the Statement of Contest of the Preliminary Evaluation of your own claim, you need not serve any other party with a copy of the Statement of Contest. At the close of the contest period the Adjudicator will send a list of contests filed to participants in the adjudication.

11. The person you identified in paragraph 5 of your Statement of Contest will be notified, at the address you provided in paragraph 5, when your contest is set for hearing.

INSTRUCTIONS FOR STATEMENT OF CONTEST FORMS:

TO CONTEST CLAIMS OF OTHERS AND/OR THE PRELIMINARY EVALUATION OF CLAIMS OF OTHERS

Important Notice: The Adjudicator will not accept a statement of contest that does not state with reasonable certainty the grounds of the proposed contest, or which is not verified by a contestant or the contestant's attorney.

1. Use the form titled "Statement of Contest of Claim and/or Preliminary Evaluation of Claim: **Claims of Others**."

2. The person submitting the contest, or on whose behalf the contest is submitted, is the "Contestant." Provide that person's name in the space marked "Contestant" on the left side of the form title.

3. The person whose claim or preliminary evaluation is being contested is the "Contestee." Provide that person's name in the space marked "Contestee" on the left side of the form title. Provide the number of the claim or preliminary evaluation being contested in the space marked on the left side of the form.

4. In the space under paragraph 1, identify the adjudication claim(s) or decreed, certificated and/or permitted water right held by the contestant. Provide sufficient information to allow the contestee and the Adjudicator to identify the contestant's decreed, certificated or permitted water right.

5. In the space under paragraph 2, identify the claim and/or preliminary evaluation of claim you are contesting, by claim number. You may file one statement of contest for a contest of both a claim and the Preliminary Evaluation of that claim. It is also helpful if you provide additional information about the claim, such as the priority date, the source, and the nature of the claimed right.

6. In the space under paragraph 3, state with reasonable certainty the ground(s) for your contest of the claim. Be as specific as you can about why the claim should or should not be recognized.

7. If you believe there is an error in the Preliminary Evaluation of the claim you are contesting, in the space under paragraph 4 state why you believe the Preliminary Evaluation was wrong. You may contest either the factual or legal basis, or both, for the Preliminary Evaluation.

8. In the space under paragraph 5, state the extent of the water right, if any, that you believe should be adjudicated to the contestee in this proceeding.

9. In the space under paragraph 6, provide the name and address of the person to whom you want sent notice of hearing and other papers about the contest proceedings.

10. Your Statement of Contest must be a sworn statement. On the last page of the Statement of Contest Form, have the signature of the contestant or the contestant's attorney verified by a notary public.

11. File the statement of contest with the Adjudicator, at the address shown below, between 8:00 a.m. on April 3, 2000 and 5:00 p.m. on May 8, 2000. The Statement of Contest is "filed" when it is received by the adjudicator, NOT when it is postmarked. Statements of contest received after that time will not be permitted.

12. When you file the Statement of Contest with the Adjudicator, mail ("serve") the statement of contest by registered mail, return receipt requested, to the contestee or the attorney of the contestee. The law requires that you mail the statement of contest to the name and address stated on the contestee's statement and proof of claim. In some cases, however, the name and address on the statement and proof of claim may no longer be correct. Consequently, we recommend that you also send a copy of the statement and proof of claim, by regular mail, to the name and address shown for the claimant on the Preliminary Evaluation.

As soon as possible after you serve the contestee you must provide proof of service to the Adjudicator at the address set forth below. A signed statement that you mailed a copy of the statement of contest to the contestee in the manner described above is proof of service. At the close of the contest period the Adjudicator will send a list of contests filed to participants in the adjudication.

13. The person you identified in paragraph 6 of your Statement of Contest will be notified, at the address you provided in paragraph 6, when your contest is set for hearing.

For submissions to the Adjudicator, use the following address:

Certified Mailing sent 15 February 2000

What we did:

1. Obtained a list of non-canceled surface water and reservoir permits and certificates from Kathy Boles.

2. From this list we removed federal agencies and irrigation districts.

3. Obtained electronic land ownership information from county assessors:

   - ❖ Jackson County data was obtained directly from Jackson County
   - ❖ Klamath County data was obtained directly from Klamath County
   - ❖ Lake County data was obtained from the Oregon Department of Revenue

4. Using county tax lot maps obtained from the Oregon Department of Revenue on a subscription basis, we researched the map and tax lot numbers of the properties to which the aforementioned surface water and reservoir permits and certificates were appurtenant, and entered this information into a database.

5. Electronically cross-referenced the researched map and tax lot numbers with the county ownership information. This process also removed any exact duplicate addresses.

6. This information was then combined with existing databases of claimants and "b-list" people; then; Janet Reno was added a representative of the USA, and the resulting list was used as our mailing list. Claimants and their agents/representatives were sent contest forms for contesting both their own claims and the Department's review of their own claims, and forms for contesting other people's claims and claim reviews. Water right owners and b-list recipients were sent only the form for contesting other people's claims and claim reviews.

Dear District Water User:

For many of you, this is the first communication you may have received from the Oregon Water Resources Department (WRD) regarding the Klamath Basin General Stream Adjudication. For others, it is another notice in a series of notices informing you of impending actions by the Department.

It is possible that you may not be aware of the adjudication process or the effect of decisions that will be made in the adjudication that may affect your water right. However, this information and the decisions you make may affect your right to use water from the Klamath River and its tributaries. This letter and the enclosed attachments are meant to inform you of your rights and assist with decisions you may make.

The Klamath Basin Adjudication is a statutory process designed to determine the water rights for uses of water which began before adoption of the Oregon Water Code in 1909, or for uses of water which were reserved to the federal government or Indian tribes.

Oregon distributes water based upon the doctrine of prior appropriation. This means that those with water rights with older or senior priority dates are more likely to receive water in times of when there is not enough water to meet all demands than those with more recent or junior rights.

Most of the claims for water rights made in the Klamath Adjudication are for priority dates before 1909. This means that if these claims are approved and finally decreed by the court, they will have priority over the use of water that originated and was permitted after 1909. Many of the claims are for a great deal of water and depending upon whether or not they are ultimately decreed, may have a serious impact upon your ability to use water. Therefore, it is important that you become as knowledgeable as possible about the adjudication process and your rights within that process.

At this point a little history may fill in some of the blank spots for you:

The Klamath Adjudication was initiated in the mid-1970's. Through the 1980's the department surveyed water uses in the basin and developed water use maps. In 1990 the first claims were received claiming water use before 1909. Claims were again received in 1997 also claiming water uses prior to 1909 and water uses reserved to the federal government and Indian tribes.

After the last set of claims were received, the Department reviewed the claims for both legal and technical sufficiency. The Department published its "Summary and Preliminary Evaluation of Claims" on October 4, 1999. On the same day, the department opened all the claim files to public inspection. These files are located at the department's office in Salem and will continue to be open for public review.

With this letter you have received a notice of your ability to "contest" any claim made in the Klamath Adjudication and/or any of the preliminary evaluations of claims made by the Department. Forms and instructions have been attached for your use, if you so desire. If you hold a valid surface water right; one that is certificated, permitted or decreed in the Klamath Basin, or if you are a claimant in the adjudication, you have a right to file a contest because you are defined as a person having an interest in the waters of the Klamath Basin.

I have attached a list of questions and answers which may assist you as you decide whether or not to file a contest or which may help you with the completion of a contest form. In any case, the adjudication staff at WRD is available to assist you in any way we can. If you have any questions or simply need clarification please do not hesitate to call us at 1-800-624-3199 and ask for the adjudication staff.

Sincerely,

Richard D. Bailey, Adjudicator
Klamath Basin Adjudication
