Preliminary Evaluation

October 7, 2009

STATE ELECTION NUMBER: E130754[1]

CLAIMANT:
Anna M. Mitchell
4930 Spicer Drive SE
Albany, OR 97322

MEASURE 37 PROPERTY IDENTIFICATION:
Township 11S, Range 3W, Section 10
Tax lot 700
Linn County

I. ELECTION

The claimant, Anna Mitchell, filed a claim with the state under ORS 197.352 (2005) (Measure 37) on November 15, 2006, for property located near the intersection of Santiam Highway SE and Goldfish Farm Road SE, near Albany, in Linn County. ORS 195.300 to ORS 195.336 (Measure 49) entitles claimants who filed Measure 37 claims to elect supplemental review of their claims. The claimant has elected supplemental review of her Measure 37 claim under Section 6 of Measure 49, which allows the Department of Land Conservation and Development (the department) to authorize up to three home site approvals to qualified claimants.

II. SUMMARY OF PRELIMINARY EVALUATION

Based on the department's preliminary analysis, it appears that the claimant is not eligible for any relief under Measure 49 because the claimant no longer owns the Measure 37 claim property.

III. THE MAXIMUM NUMBER OF HOME SITE APPROVALS FOR WHICH THE CLAIMANT MAY QUALIFY

Under the Section 6 of Measure 49, the number of home site approvals issued by the department cannot exceed the lesser of the following: three; the number stated by the claimant in the election materials; or the number described in a Measure 37 waiver issued by the state, or if no waiver

[1] The claimant also has two claims, E130752 and E130753, for properties that are not contiguous to tax lot 100.

was issued, the number of home sites described in the Measure 37 claim filed with the state. The claimant has requested supplemental review under Section 6. No waiver was issued for this claim. The Measure 37 claim filed with the state describes request for relief for commercial and retail use. Therefore, the claimant may qualify for a maximum of three home site approvals under the Section 6 of Measure 49.

IV. PRELIMINARY ANALYSIS OF QUALIFICATION FOR HOME SITE APPROVAL

1. Preliminary Analysis

To qualify for a home site approval under Section 6 of Measure 49, a claimant must have filed a Measure 37 claim for the property with either the state or the county in which the property is located on or before June 28, 2007, and must have filed a Measure 37 claim with both the state and the county before Measure 49 became effective on December 6, 2007. If the state Measure 37 claim was filed after December 4, 2006, the claim must also have been filed in compliance with the provisions of OAR 660-041-0020 then in effect.

The claimant, Anna Mitchell, filed a Measure 37 claim, M130754, with the state on November 15, 2006. The claimant filed a Measure 37 claim, M37-092-06, with Linn County on October 25, 2006. The state claim was filed prior to December 4, 2006.

It appears that the claimant timely filed a Measure 37 claim with both the state and Linn County.

In addition to filing a claim with both the state and the county in which the property is located, to qualify for a home site approval under Section 6 of Measure 49 the claimant must establish the following:

(a) The Claimant is an Owner of the Property

Measure 49 defines "Owner" as: "(a) The owner of fee title to the property as shown in the deed records of the county where the property is located; (b) The purchaser under a land sale contract, if there is a recorded land sale contract in force for the property; or (c) If the property is owned by the trustee of a revocable trust, the settlor of a revocable trust, except that when the trust becomes irrevocable only the trustee is the owner."

According to the information submitted by the claimant, Anna Mitchell has not established her ownership of the property for the purposes of Measure 49. The current ownership information appears to indicate that the A and A Mitchell Family Limited Partnership is the current owner of the claim property.

Because this requirement has not been met, the claimant is not entitled to any relief under Measure 49, and, therefore, the remaining approval criteria will not be evaluated.

2. Preliminary Conclusion

Based on the preliminary analysis, the claimant, Anna Mitchell, does not qualify for Measure 49 home site approvals because the claimant no longer owns the Measure 37 claim property.

V. NOTICE OF OPPORTUNITY TO COMMENT

A claimant or a claimant's authorized agent, a county and any third party may submit written comments, evidence and information in response to the preliminary evaluation.
