

Chapter 5 ENHANCED PLAN

In This Chapter

- Placeholder

The 2020 Oregon NHMP is being submitted as a standard plan.

The Enhanced Plan chapter's framework is being retained in the standard plan because the State intends to take action to regain enhanced plan status during the effective life of this Plan.

The Enhanced Plan chapter's framework identifies the content that would be documented in a future enhanced plan chapter.

5.1 Introduction

Requirement 44 CFR §201.5, Enhanced State Mitigation Plans. (a) A State with a FEMA approved Enhanced State Mitigation Plan at the time of a disaster declaration is eligible to receive increased funds under the HMGP, based on twenty percent of the total estimated eligible Stafford Act disaster assistance. The Enhanced State Mitigation Plan must demonstrate that a State has developed a comprehensive mitigation program, that the State effectively uses available mitigation funding, and that it is capable of managing the increased funding. In order for the State to be eligible for the 20 percent HMGP funding, FEMA must have approved the plan within three years prior to the disaster declaration.
