Event location: 520 S. Pacific Hwy W. Rickreall, OR

Agriculture & Commercial Pesticide Collection Event

Free Collection Event

Saturday October 30, 2021

9:00 am to 2:30 pm

Polk Co. Fairgrounds
520 S. Pacific Hwy W. Rickreall, OR

Event sponsored by these partners:

CleanHarbors® ENVIRONMENTAL SERVICES, INC.

DEQ State of Oregon Department of Environmental Quality

OREGON DEPARTMENT OF AGRICULTURE

Do you need to dispose of old pesticides?

* **Cost is free**

- This collection event is for landowners, farmers, and other commercial and institutional pesticide users in the Upper Willamette Valley. Priority is given to forest and agricultural land owners.

- Chemicals not included in pesticides products (e.g. fertilizers oil, antifreeze) will NOT be accepted

- You must pre-register by October 20th with Clean Harbors so they are prepared to receive your chemicals. Applications are available at the Oregon Department of Ag website https://www.oregon.gov/ODA/programs/Pesticides/Water/Pages/PesticideStewardship.aspx

For registration questions (or forms) call or email:
Rose Kachadoorian (503) 986 4651
Email: rose.kachadoorian@oda.state.or.us

To check the status of a pesticide

Email: pestx@oda.state.or.us

Act quickly to insure a time slot for disposal of your waste pesticide

Please submit your inventory as early as possible to insure a time slot to accept your waste pesticide(s). Because of COVID-19 a limited number of collection events were held last year creating a large demand for this service. We expect a large number of customers will want to register for this event.

NOTE: Empty plastic pesticide containers will NOT be accepted at this event

A wide variety of pesticides are applied and held in storage in many parts of Oregon. Old and unused pesticides can accidentally enter waterways through leaching, flooding or run-off. Chemicals collected from this area are threats to water quality. This is an opportunity for landowners and other commercial pesticide users to remove, free of charge, un-wanted materials. Help protect your water, air, and soil by bringing your old and unused pesticides to this free collection event for proper disposal.
