Sunrise Expressway Construction Update

Five Day Closure of the I-205 Exit 13 Northbound On-Ramp, May 16-20

The Sunrise Expressway is nearing completion and we expect it to open on July 1, 2016.

To complete the final connection between the Milwaukie Expressway and the new Sunrise Expressway just east of I-205, there will be one more major traffic impact for motorists. The Milwaukie Expressway eastbound access to I-205 northbound will be closed for **5 days.** The contractor also will be working on the I-205 on-ramp.

The contractor must close the I-205 Exit 13 northbound on-ramp from Monday, May 16 through Friday, May 20. This round-the-clock closure will start at 5:00 a.m. on Monday and is expected to be complete by 5 p.m. Friday.

The recommended detour route is for eastbound Milwaukie Expressway traffic to go north on SE 82nd Drive to the SE Sunnybrook Boulevard/Sunnyside Road on-ramp to I-205 north (exit 14). Signs will direct motorists.

For project updates check the project website: **www.SunriseJTA.org**

Temporary Traffic Impact

May 16 - May 20, 2016
