11/25/26 Update Log

Draft Final Airport Master Plan:

1. Removed Draft from the cover and changed the date to 2026
2. Updated Table of Contents
    a. Added Appendix 12 – Land Use Coordination
3. Chapter 1
    a. Updated project schedule graphic
4. Chapter 4
    a. Minor text/editorial edits on page 4-16
        i. Added additional text specifying the published weight bearing capacity of the runway and MTOW weight range of C-II aircraft.
        ii. Added footnote referencing source of MTOW for C-II aircraft (FAA Aircraft Characteristics Database).
    b. Minor text edits on page 4-20
        i. Corrected typo – Changed “OFZ” in first paragraph to “OFA”.
    c. Updated text in Taxiway/Taxilane section (Page 4-22) to reflect updated FAA taxiway/taxilane clearance standards.
5. Chapter 5
    a. Added additional text on page 5-37
        i. Text added to Preferred Alternative section stating that ODAV will seek project-level MOS for non-standard conditions including the ROFA.
6. Chapter 6 & ALP Drawing Set
    a. All ALP Sheets
        i. Removed "DRAFT" stamp from all sheets
    b. ALP Sheet 1
        i. Signed Conditional FAA Approval Letter added to Cover Sheet
    c. ALP Sheet 11
        i. Added inset map depicting off-airport zoning and airport boundary as adopted by Marion County Comp Plan with describing note (Note 3).
        ii. Sheet 11 – Added additional airport boundary (per Marion County Comp Plan), county boundary, and city limit line types to main legend and added Aurora and Marion zoning legends.
    d. All edits described above were applied to the stand-alone ALP drawing set and the ALP sheets presented in Chapter 6 of the AMP report.
