| **Public Comment** | No on building out the Aurora airport.  It's primarily used by folks from CA to house their planes to avoid taxes and lower fuel prices. It's prime farm land and relocating  the hwy is not what's best for folks that live in Canby, Hubbard, Aurora and Donald. The noise and low flights over Charbonneau is already an issue, including safety. Build out the Salem airport, it's not in a residential area and has the space. |
