Public Comment Topic	Aurora Airport Master Plan
Public Comment	I strongly oppose expanding the Aurora Airport to accommodate more and bigger aircraft. This will in no way benefit area residents. In fact, it will significantly decrease quality of life by: -increading noise pollution, -increasing air pollution, and -taking away farmland from what is some of the best farmland in the world just to name a few. All of this would come at the expense of public money and many area farms and houses. We can and should do better. There are plenty of area airports that can accommodate these planes already. Say no. Vote no. Do better, please. I am a Wilsonville resident and strongly oppose the expansion.
