Dear ODAV,

I do not support an expansion of the Aurora Airport.

The extra noise would be untenable and would bring property values down.

Ongoing security issues should be addressed before any expansion is considered. I take the surface streets past the airport and the lack of security around the airport's perimeter is very concerning.

Salem is already equipped for larger planes.

There are a multitude of studies and articles about the negative health impacts of living near airports, large and small. Particulents are real. Here is one but there are any more I could list:

I'd urge you to reconsider an expansion at this time.

Thank you, Elizabeth Cullen, Wilsonville resident
