Finding your Parcel Number

1) Visit www.ormap.net
2) Click on the 'view map' link in the Map Viewer section to open the map tool:

3) Navigate to your property by zooming in on the map, or by searching for your address.
   - To search for your address, click on the blue thumbtack icon and enter the address (with zip code included), and click 'Locate'.

4) Your Parcel number is the combination of the **Map Number (in green font)** and your **lot number (in black font; typically four digits).**

In the example below, the Parcel number is **26S12W022400** (**26S12W02** + 2400)
