ABOUT THIS DIRECTORY

Contained in these pages is a compilation of information to better equip Oregon's communities in making appropriate referrals to agencies that provide substance use disorders treatment services[1].

To continue to provide updated, quality, referral resources, and since all listings gradually become outdated, we would appreciate you notifying us immediately of any changes relevant to the information contained herein.
Please complete the form on the following page when notifying this office of a change of information.

It is our hope that this Oregon Substance Use Disorders Services Directory will promote a continuum of quality resources available throughout Oregon.

Please Note:

***** Providers with multiple locations may not provide all listed services at each location. Please contact the provider directly to confirm which services are offered at your preferred location.

§ This symbol indicates that the provider is an IDPF-Funded agency and may have funding available to cover the costs associated with court-ordered treatment services as the result of a DUII or MIP for uninsured or underinsured, low-income Oregonians. Eligibility restrictions apply. Please contact the provider directly to find out if you may qualify.
