BEFORE THE WATER RESOURCES DIRECTOR OF OREGON

Klamath, Jackson and Lake Counties

IN THE MATTER OF THE DETERMINATION OF THE RELATIVE RIGHTS TO THE USE OF THE WATERS OF KLAMATH RIVER AND ITS TRIBUTARIES	))))	NOTICE TO FILE CLAIM

TO ALL PERSONS claiming a right to the use of the waters of, or owning or being in possession of lands bordering on or having access to the Klamath River and its tributaries in Klamath, Jackson and Lake counties.

AND TO ALL WHOM IT MAY CONCERN: You are hereby notified that the Water Resources Director will begin taking Statements and Proofs of Claim of all parties claiming rights to the use of waters of the Klamath River or any of its tributaries as follows:

> On Monday, October 15, 1990, until Friday December 7, 1990, in the offices located at 700 Main Street, Klamath Falls, Oregon (phone 883-5533 beginning October 10, 1990);
>
> And for a period beginning Monday, December 17, 1990 and ending Friday, February 1, 1991, at the office of the Water Resources Department, 3850 Portland Road N.E., Salem, Oregon (phone 378-3066).

Statements and Proofs of Claim will be received on Mondays through Fridays from 8:00 a.m. to 12:00 noon and from 1:00 p.m. to 5:00 p.m. of each day.

YOU MUST APPEAR at one of the times and places named above and submit proof of your claim. Any such right may be claimed by you based on water use begun prior to February 24, 1909 or based on a federal reserved right. Also if you have an existing water right certificate or permit you may wish to preserve your right to file contests against the claims of others in the as yet unadjudicated areas of the Klamath Basin.

If you fail to appear and submit proof of your claim to said waters, default will be entered against you. You will be barred from later asserting any claim to the use of these waters and will have forfeited all right to the use of these waters that is not already documented in a water right permit, certificate or court decree with the State of Oregon.

(more)

If you have an existing water right of record with the State of Oregon in the form of a permit, certificate or decree, but do not wish to preserve your right to challenge the claims of others then you need to do nothing more. However, you will still be bound by the final determination of rights as ultimately decreed by the court.

Dated this 7th day of September 1990.

INSTRUCTIONS FOR STATEMENT AND PROOF OF CLAIM FORM

You may file ONE Statement and Proof of Claim if you have one or more uses but only one priority date on contiguous property. You must file a separate form for each different priority date or each different property.

The claim should be made in the name which the water right will be issued.

I. If you are here because you have a valid surface water right and you only want to be notified as the adjudication progresses, you will write no in I.A and complete I.B. Sign this in the presence of the notary and you are finished.

If you are here because you wish to claim a surface water right, write yes in I.A and go to 1.

1. You divert water from a SOURCE, which is TRIBUTARY to the next bigger body of water downstream. For example, Reservation Spring is tributary to Fort Creek, which is tributary to Wood River.

2. You may have one use, a combination of uses, or many uses. Your fees are based on the uses you claim. Ask if you have a question. For a livestock use, list the kind as well as the number.

3. Enter the amount of water you use (gallons per minute, cubic feet per second, etc.) and for how long (24 hours per day, 2 days per week, etc.). The Water Resources Director will recommend to the court a standard water allowance for all ordinary water uses. This is your chance to influence what might be recommended.

4. The water right is based on an action, either actual diversion and appropriation for a beneficial use, a physical occupation of the land with the intention of using water, a notice to the world that such appropriation will be made, or a reservation by the Federal Government of an amount of water. Your priority date will be the date this action was taken. You must be specific. A claim of "prior to February 24, 1909" will result in a priority date of Feb. 24, 1909.

5. We need to be able to compute the maximum amount of water you can divert. Please complete only the sections which apply to your situation.
   A) DITCH: describe the smallest section
   B) PIPELINE: self explanitory

   C) PUMP: describe each pump. No. refers to the model number.

D) & E) only apply when (C) PUMP is completed.
F) & G) refer to a pressure irrigation system if present.

7. In the instructions on the claim form (see item 10) should be (see item 11).

10. If you are claiming more than one use don't forget to enter a season of use for each. Irrigation typically is only for a portion of the year, domestic or stock typically runs year around.

11. The department's maps show the water use found by our field engineers at the time they interviewed claimants. Review the maps and check that the water uses you claim are shown completely. You may attach a tax plat to this claim which clearly defines your parcel of land within a larger area shown on the department's map.

    Any change in use as mapped, either an increase or a decrease, must be accompanied by a map prepared and stamped by a licensed surveyor or engineer.

12. This is a written legal description, not a tax lot number from your tax statement. Attach a copy of the deed.

FEES: Your fee is based on state law. You will not be asked for another fee later in the adjudication. YOUR ACCOUNT MAY BE CREDITED IF you have acquired a water right permit or certificate prior to this adjudication for the same use of the same water in the same place as you are now claiming. If such is the case, any fees which you previously paid will be credited to your claim. Please be sure to mention this when your fees are being computed.

THE KLAMATH BASIN

WATER RIGHTS

ADJUDICATION

HOW TO FILE A CLAIM--SHOULD I FILE?

WHAT AREA IS BEING ADJUDICATED?

The Director of the Water Resources Department has filed a notice to begin an adjudication of the water rights of the Klamath River and its tributaries. According to state law and regulations this includes all waters that drain to the Klamath River. All water right holders within the Klamath Basin will be bound by the final determination of this adjudication.

Portions of the Klamath Basin have been previously adjudicated. These previously adjudicated areas include: the North and South Forks of the Sprague River, Anna Creek, Cherry Creek, Four-Mile Creek, Seven-Mile Creek and the west side of Wood River. The Lost River is not considered to be part of the Klamath River drainage basin in Oregon. Claims to use water in the previously adjudicated areas may not be filed unless you or your predecessors were not notified at the time of the adjudication.

WHO MAY FILE A CLAIM IN THE KLAMATH ADJUDICATION?

You may file to participate in the Klamath adjudication if:

1) You claim to have a use of surface water from a spring, creek, stream,river or lake that began **before February 24, 1909** and the use has been continuous since then;
2) You have a claim to a **federal reserved right**;
3) You are an Indian claiming a right to **practicable irrigable acreage**;
4) You have a claim based on an Indian reserved right for practicable irrigable acreage and have **developed that right within 5 years of purchase** of the lands; or,
5) You are a surface water right holder within the Klamath basin and wish to have the **opportunity to contest** the claims of others.

WHAT IF I RECEIVE WATER FROM AN IRRIGATION DISTRICT OR FROM THE U.S. BUREAU OF RECLAMATION?

Either the irrigation districts or the U.S. Bureau of Reclamation may choose to file a claim for all of their customers. A water right will be allowed only once for each valid claim. You may check with your irrigation district, or the Bureau of Reclamation, or the Oregon Water Resources Department to determine if your property has been mapped and included as part of a larger claim.

If you only use water from a **groundwater source or from a municipal water supply** then you need **not** do anything further. You will not be a party to this proceeding.

WHAT HAPPENS AFTER I FILE THE CLAIM?

The Water Resources Department reviews each claim to determine if it is complete and accurate. All claims and maps are gathered together. In about one year, notice will be sent to all parties to come and examine all of the evidence. Those who are participants may file contests against any other person's claim. Contests are resolved either by the concerned parties or as a result of separate hearings. Findings are prepared by the Department and submitted to the Klamath Circuit Court. The Court holds hearings and issues a final decree on all of the vested water rights. There is an opportunity to appeal the Court's decision.

WHAT SHOULD I DO NOW?

If you use water directly from a spring, creek, lake, ditch or stream, decide if you will file a claim as an individual or as part of a larger district. If you wish to file your own claim, complete the enclosed form as best as you can and bring it with you during one of the times listed on the enclosed notice.

Your claim must include facts requested on the enclosed form:

a. Your name and address.
b. The stream from which water is taken.
c. How you use the water.
d. How much water is used.
e. The date water was first put to use on your lands from that stream.

A large number of water uses in the Klamath Basin have been mapped by the Water Resources Department. The maps were prepared as a result of persons filing a notice of intent to file a claim in 1977. You may check the mapped area and Department files for your property at the time you file your claim. If your claim has not been mapped, you must have a map prepared by an engineer,surveyor, or a certified water rights examiner.

The facts of your claim should be documented as best you can with copies of land patents, deeds, contracts, and/or easements. Proof of uses of water may include statements from persons who know about the historical use of the water, letters, county records of an intent to use water, or other documents from the original developers of the water use. You must pay the fees listed below at the time you file your claim.

WHAT USES OF WATER CAN I CLAIM?

Only water that is used without waste can be claimed. Uses may include:

a. Domestic use for a household including up to 1/2 acre of lawn and garden, and livestock for the family's use.
b. Stock water for animals for commercial sale, or for wildlife.
c. Irrigation of any crop.
d. Commercial, industrial, or municipal uses.
e. Power development or mining.
f. Other uses, as can be documented.

HOW MUCH DOES IT COST TO FILE A CLAIM?

When you file a claim you must pay a fee.

For Irrigation Uses:	$2.00 for each acre of irrigated lands up to 100 acres. $1.00 for each acre over 100 acres, or a minimum fee of $30.00.
For Power Use:	$2.00 for each theoretical horsepower (thp) up to 100 thp. $ 0.50 for each thp over 100 thp up to 500 thp $ 0.35 for each thp over 500 thp up to 1000 thp and $ 0.25 for each thp over 1000 thp.
For Each Other Use:	$200.00 for the first cubic foot per second of pumping rate or fraction thereof. $ 50.00 for each additional cubic foot per second.

WHAT HAPPENS IF I MISS THE DEADLINE?

If you fail to file during one of the times listed in the enclosed notice, you will be stopped from making any claim to the use of the water and will have forfeited your right to the use of the waters. You may request an extension of time for providing documentation of your claim, if you file the form and minimum fees by the deadline in the attached notice.

WHO SHOULD I CONTACT IF I HAVE QUESTIONS?

If you have have questions about filing a claim please call our Salem office at 378-3066.
To avoid the crowds and to make better use of your time, please call for an appointment at 883-5533, after our Klamath Falls phone is available, beginning 10:00 am Wednesday, October 10, 1990.

Water Resources Department

Salem Office 378-8455

IMPORTANT INFORMATION REGARDING WATER USE

Dear Citizen,

Please excuse us if we seem to be pestering you, but it is very important that our message is heard. A massive court case that will determine who gets early (valuable) water rights in the Klamath Basin is underway. Anyone who uses surface water on their land, and intends to continue that use, needs to file a claim. Once all the claims are filed, the court will sort them out. If you have a claim and don't file it, your chance to ever claim a right will probably be lost.

All claims must be filed with the Oregon Water Resources Department before February 1, 1991. The Department will help you prepare your claim, but they can't do it for you. You must make the claim yourself.

The Water Resources Dept. has a temporary office at 700 Main St. in Klamath Falls to help you prepare and file your claim, but this office will close December 7, 1990. Call us at 883-5533, or come in and see us for advice and help with your claim. After December 7, 1990, you will have to go to the Salem office to file your claim. The Salem office can be reached at 378-8455.

If you know you have no claim, or you have already made your claim, please forgive our repeated contacts. We just want to be sure everyone's rights are protected in this proceeding. Don't hesitate to call if you have any questions.

Sincerely,

Adjudications Section, Oregon Water Resources Dept.
