SECTION 1. INTRODUCTION AND OVERVIEW

1.1 Background

The Higher Education Coordinating Commission ("HECC") is issuing this Request for Applications ("RFA") for competitively awarded grant funding for the federal funds authorized by the Workforce Innovation and Opportunity Act ("WIOA"). WIOA was signed into law on July 22, 2014, and was designed to help U.S. job seekers access employment, education, training, and support services to succeed in the labor market and to match employers with the skilled workers they need to compete in the global economy.

This RFA is intended to inform eligible providers of Adult Education that work to achieve the purpose of WIOA Section 231 (29 U.S.C. 3321 and 34 CFR 463.23).

For more information, visit https://www.dol.gov/agencies/eta/wioa.

WIOA compels partnerships and encourages alignment across four main titles within the following six programs:

1. The Adult, Dislocated Worker, and Youth formula programs administered by the Department of Labor ("DOL") under Title I (or "WIOA I");
2. The Adult Education and Family Literacy Act ("AEFLA") program administered by the Department of Education ("ED") under Title II (or "WIOA II");
3. The Wagner-Peyser Act employment services program administered by DOL under Title III (or "WIOA III"); and
4. The programs under Title I of the Vocational Rehabilitation Act administered by ED under Title IV (or "WIOA IV").

The federal authority for AEFLA ("WIOA II") is placed by 29 U.S.C. 102 and 103 unless otherwise noted within the full language of the act found here: https://www.ecfr.gov/current/title-34/part-463

The federal notice of AEFLA ("WIOA II") award is located here: https://www.oregon.gov/highered/about/pages/federal-awards.aspx

Activities under WIOA are conducted according to Oregon's WIOA Combined State Plan, found at https://www.oregon.gov/workforceboard/about/PublishingImages/Pages/Planning-%26-Policy/Read%20the%20Oregon%202024-2028%20WIOA%20State%20Combined%20Plan.pdf

HECC will submit all eligible Applications for funds under Title II to the Applicant's appropriate Local Workforce Board for review. The process includes:

- Submission of the Applications to the appropriate Local Workforce Board for its review for consistency with the local plan within the appropriate timeframe; and
- An opportunity for the Local Workforce Board to make recommendations to HECC to promote alignment with the local plan.

HECC will consider the results of the review by the Local Workforce Board in determining the extent to which the Application addresses the thirteen required considerations of Title II funding outlined in 34 CFR 463.20, which can be found at: https://www.ecfr.gov/current/title-34/section-463.20.

1.3 WIOA II and Adult Basic Skills Program

Oregon administers AEFLA ("WIOA II") through the Oregon Adult Basic Skills Program ("ABS"), administered by HECC through its Office of Community Colleges and Workforce Development ("CCWD"). In addition to administering Title II pass-through funds, CCWD is responsible for providing leadership, professional development, technical assistance, and program monitoring to assure quality basic skills services for adults across Oregon. Local ABS providers align Title II activities with local area plans, such as sector strategies and career pathways. These ABS and literacy activities are coordinated across WIOA I, III, and IV core programs and partners through one–stop center participation, referrals, and co–enrollment where feasible.

SECTION 2. COMMITMENT TO DIVERSITY, EQUITY, INCLUSION, AND ACCESSIBILITY

HECC works to serve all post-secondary students and workforce participants across Oregon. To do this, it is important to understand that not every student or learner enters higher education or career training with the same experience or level of support. Accordingly, our approach must reflect the unique needs of learners and communities. By building systems and policies that support every individual, we will build a thriving future for Oregon as a whole. Our equity tools guide our work and our collective future. HECC applies its Equity Lens to all aspects of its work. Read more about the HECC Equity Lens here: https://www.oregon.gov/highered/strategy-research/pages/equity-lens.aspx

HECC applied its commitment to diversity, equity, inclusion, and accessibility in this grantmaking process in the following ways:

- Consulted with partners to inform development of an inclusive, low barrier grant process.
- Scheduled at least one information session to provide prospective Applicants opportunity to review the guidance and ask questions.
- Solicited engagement from diverse organizations, entities, and partners in the Applicant scoring process.

4.1.2 Individual Eligibility for Services

Applicants must only allow "eligible individuals" to participate in their AEFLA ("WIOA II") programs, activities, and services. AEFLA ("WIOA II") uses the WIOA (Section 203 29 U.S.C. 2372) for "eligible individuals":

"The term "eligible individual" means an individual--:

A. Who has attained 16 years of age;
B. Who is not enrolled or required to be enrolled in secondary school under State law; and
C. Who—

ii. Does not have a secondary school diploma or its recognized equivalent, and has not achieved an equivalent level of education; or
iii. Is an English language learner.

SECTION 5. PROJECT REQUIREMENTS AND LIMITATIONS

5.1 Application Requirements

Identified below are the requirements and expectations for eligible Applicants to include in their Application. Each requirement established by AEFLA ("WIOA II") (34 CFR Part 463 Subpart C) has been integrated into ATTACHMENT A.

5.1.1 Equitable Access / General Education Provisions Act

The General Education Provisions Act ("GEPA") is a federal law (originally enacted as Title IV of the Elementary and Secondary Education Amendments) that sets out common rules, administrative guidelines, and privacy protections for most federal education programs run by the U.S. Department of Education. Section 427 of the GEPA requires Applicants for federal education funds to describe the steps they will take to ensure equitable access to and participation in their programs for students, teachers, and beneficiaries. Applicants must address potential barriers related to gender, race, national origin, color, disability, or age.

5.1.2 Demonstrated Effectiveness

The eligible Applicant must demonstrate effectiveness in serving the target population(s) (34 CFR Part 463 Subpart C). HECC will review information below in making this determination. Applications that do not meet the demonstrated effectiveness criteria will be notified and not be considered in the competitive process.

Applicants must provide measurable evidence across core educational and workforce outcomes, including:

- Improving participant skills in reading, writing, and mathematics
- Improving English language acquisition (for English language learners)
- Achieving Measurable Skill Gains ("MSGs") and educational functioning level completions
- Post-program participant outcomes such as securing employment, attaining secondary school diplomas or recognized postsecondary credentials, and transitioning to postsecondary education or training

To demonstrate effectiveness, an Applicant must provide:

- Three years (2023-2024, 2024-2025, and 2025-2026) of continuous data related to MSGs. MSGs are defined as the percentage of program participants who, during a program year, are in an education or training program that leads to a recognized postsecondary credential or employment and who are achieving MSGs, defined as documented academic, technical, occupational, or other forms of progress, towards such a credential or employment.
- Additionally, programs must provide a single year's data as it relates to outcomes for participants related to employment, attainment of a secondary school diploma or its recognized equivalent, and transition to postsecondary education and training.

- If applying as a consortium, each consortium member must provide performance data to demonstrate effectiveness in the areas listed above.

5.1.3 Required Assurances and Information

Each Application must agree to the Assurances and provide the requested information listed required by HECC, including:

- **Assurances**

    - Enter into a MOU with the Local Workforce Development Board relating to the operations of the one-stop system.
    - Participate in the operation of the one-stop system consistent with the terms of the MOU and the requirements of AEFLA ("WIOA II"), and GEPA.
    - Provide access through the one-stop delivery system to adult education and literacy activities.
    - Use a portion of the funds made available under the Act to maintain the one-stop delivery system including payment of the infrastructure costs for the one-stop centers in accordance with the methods agreed upon by the Local Workforce Development Board and described in the MOU or the determination of the Governor regarding State one-stop infrastructure funding.

AEFLA ("WIOA II") defines the process HECC must following awarding grants to eligible providers in 34 CFR 463.20:

"In awarding grants or contracts for adult education and literacy activities to eligible providers,… [HECC]…must consider the following:

1. The degree to which the eligible provider would be responsive to—
    i. Regional needs as identified in the local workforce development plan; and
    ii. Serving individuals in the community who were identified in such plan as most in need of adult education and literacy activities, including individuals who—
        A. Have low levels of literacy skills; or
        B. Are English language learners;
2. The ability of the eligible provider to serve eligible individuals with disabilities, including eligible individuals with learning disabilities;
3. The past effectiveness of the eligible provider in improving the literacy of eligible individuals, especially those individuals who have low levels of literacy, and the degree to which those improvements contribute to the eligible agency meeting its State-adjusted levels of performance for the primary indicators of performance described in § 677.155;
4. The extent to which the eligible provider demonstrates alignment between proposed activities and services and the strategy and goals of the local plan under section 108 of AEFLA ("WIOA II"), as well as the activities and services of the one-stop partners;
5. Whether the eligible provider's program—
    i. Is of sufficient intensity and quality, and based on the most rigorous research available so that participants achieve substantial learning gains; and
    ii. Uses instructional practices that include the essential components of reading instruction;
6. Whether the eligible provider's activities, including whether reading, writing, speaking, mathematics, and English language acquisition instruction delivered by the eligible provider, are based on the best practices derived from the most rigorous research available, including scientifically valid research and effective educational practice;
7. Whether the eligible provider's activities effectively use technology, services and delivery systems, including distance education, in a manner sufficient to increase the amount and quality of learning, and how such technology, services, and systems lead to improved performance;
8. Whether the eligible provider's activities provide learning in context, including through integrated education and training, so that an individual acquires the skills needed to transition to and complete postsecondary education and training programs, obtain and advance in employment leading to economic self-sufficiency, and to exercise the rights and responsibilities of citizenship;
9. Whether the eligible provider's activities are delivered by instructors, counselors, and administrators who meet any minimum qualifications established by the State, where applicable, and who have access to high-quality professional development, including through electronic means;
10. Whether the eligible provider coordinates with other available education, training, and social service resources in the community, such as by establishing strong links with elementary schools and secondary schools, postsecondary educational institutions, institutions of higher education, Local

Workforce Development Boards, one-stop centers, job training programs, and social service agencies, business, industry, labor organizations, community-based organizations, nonprofit organizations, and intermediaries, in the development of career pathways;

11. Whether the eligible provider's activities offer the flexible schedules and coordination with Federal, State, and local support services (such as child care, transportation, mental health services, and career planning) that are necessary to enable individuals, including individuals with disabilities or other special needs, to attend and complete programs;
12. Whether the eligible provider maintains a high-quality information management system that has the capacity to report measurable participant outcomes (consistent with section § 666.100) and to monitor program performance; and
13. Whether the local area in which the eligible provider is located has a demonstrated need for additional English language acquisition programs and civics education programs.

SECTION 6. GRANT FUNDS

6.1 Federal Funds Requirements for Local Administrative Cost Limits

In (Sec 232 29 U.S.C. 3322) the amount of funding that Applicants are allowed to spend on the following items are clearly dictated:

A. "In General – Subject to subsection (b), of the amount that is made available under this title to an...[Applicant]…–
    1. not less than 95 percent shall be expended for carrying out adult education and literacy activities; and
    2. the remaining amount, not to exceed 5 percent, shall be used for planning, administration (including carrying out the requirements of…[Sec 116 29 U.S.C. 3141]…, professional development, and the activities described in paragraphs (3) and (5) of…[Sec 232 29 U.S.C. 3322].

B. **SPECIAL RULE**—In cases where the cost limits described in subsection (a) are too restrictive to allow for the activities described in subsection (a)(2), the eligible provider shall negotiate with the eligible agency in order to determine an adequate level of funds to be used for noninstructional purposes.

6.2 Funding Availability

During the 2026-2027 program year, Oregon was awarded $7,215,696 of federal-originated funds for the Adult Education – State Grant Program. Funding availability in future program years is subject to change based upon fluctuating levels of WIOA II federal funds awarded to Oregon.

6.3 Maintenance of Effort

In Oregon, federal funds are matched at the local program level and thus, the maintenance of effort must be maintained by local programs. If HECC were not able to demonstrate that the State was maintaining the same fiscal effort as the prior year, the State and local programs would lose part of the federal Title II funding. If that were to happen, the reduction in federal funds would be covered by reducing the grant awards to local Grantees which had reported reduced match expenditures. HECC will require Grantees to meet an annual maintenance of effort of no less than 90 percent.

6.4 Cost matching

Each WIOA II Grantee in Oregon is **required** to match their annual award of federal WIOA II funds with an amount of non-federal resources that is at least 25% of the federal WIOA II funds awarded to that Grantee.

6.5 Non-Competing Grant Continuation Application

In Oregon, AEFLA ("WIOA II") grants are typically awarded on a multi-year cycle (such as the 2022–2027 cycle). To secure funding from one budget year to the next without re-competing, existing providers must submit a Non-Competing Grant Continuation Application.

According to HECC and federal guidelines, a continuation award is never automatic; it is contingent on the provider proving satisfactory performance and fiscal compliance. The core requirements for satisfactory performance and fiscal compliance are indicated in the ABS Policy Manual.

SECTION 7. APPLICATION SUBMISSION

7.1 How and When to Apply

There are three competitions available for the 2027-2032 WIOA Title II ABS Grants. One for each relevant Sections of AEFLA ("WIOA II"). They are:

All organizations that intend to deliver AEFLA ("WIOA II") funded services must submit all required components through the online portal, regardless of whether they later apply as a single eligible provider, or as part of a consortium. Required components include organizational information, demonstrated effectiveness data (Section 5.1.2 of this RFA), and a pre-award risk assessment (Exhibit F.) If available, Applicants can also submit recent audit documentation.

8.2 Scoring Process

If the Application is deemed eligible, HECC will move the Application to the scoring process which includes:

8.4 Agency Review and Notice of Award

HECC will advance the highest scoring Applications, based on median scores, for final HECC review and funding decisions. HECC's final funding recommendations will consider statewide impact, aiming to ensure broad geographic distribution and a diverse portfolio of projects. HECC reserves the right to award Grant Funds for all, or some of the dollar amounts requested in an individual proposal. HECC may consider funding collaborative proposals if HECC identifies proposals from different primary Applicants that are similar in scope and outcomes. Applicants may be asked about the ability to increase or decrease the scale of the project.

HECC will email the Primary Applicant's program contact listed in the Application about funding decisions. A Conditional Notice of Award ("NOA") will be sent to funded Applicants for this RFA. The NOA will indicate award amount, performance period, and next steps.
