and Business Services

Reinstatement of the Program Penalty Fees

As the effect of the COVID-19 began impacting businesses and their employees a couple of years ago, the Building Codes Division suspended the late penalty fee for businesses already challenged with operating during the pandemic. The rule describing the penalty fees are reproduced below for your reference. This communication is to inform you the penalty fee will be reinstated. The programming for this function will be turned on October 1, 2023 and any fee that becomes due on or after July 1, 2023 that is not paid within 90 days will be subject to the late fee described below.

Please contact the program permit technician for the Boiler Program as listed on the Building Codes Division website for any questions you may have on this subject.

Thank you,

Jeff Starkey

Program Manager

Boiler Program / Statewide Services Section

Boiler Permits

Oregon Administrative Rule [918-225-0600](#)

(7)(a) Operating permit fees not received within 90 days of the billing date may be considered delinquent and subject to a late penalty of double the fee amount. It is the equipment owner's responsibility to maintain a current operating permit. This responsibility includes notifying the division of address and other billing information changes. Late penalties may only be waived under exceptional circumstances.

(b) All waiver requests must be submitted in writing and must clearly state the reason for the request. A waiver may be granted for all or part of the additional fee.
