Reentry FCAA Point of Contact Directory

This resource lists the Reentry Federal Consolidated Appropriations Act (FCAA) Points of contact at Reentry FCAA participating carceral facilities in Oregon. This resource also lists the points of contact at Coordinated Care Organizations (CCOs) and Acentra, the Open Card care coordination entity. The goal of this resource is to provide partners with a reference to ensure improved coordination and information sharing for Reentry FCAA members. Some facilities may have specific processes for requesting health information separate from the point of contact and these instructions will be listed if available.

Instructions for Updating a Point of Contact

If a Reentry FCAA point of contact information changes, please email OHP.CarceralPrograms@oha.oregon.gov with the updated information. The Oregon Health Authority (OHA) Reentry Health Care team recommends updating points of contact within seven days of the change. This resource will be updated ongoing and maintained on the Oregon Health Plan (OHP) Reentry Health Care webpage.

Instructions for using VISOR to Verify Releases

To reduce the volume of correspondence about releases and dates, please use the Victim Information System of Oregon (VISOR) website to search for Reentry FCAA members releasing from **adult facilities** – these include Adult County jails, Federal Correctional Institutions, and Department of Corrections.

- VISOR Website
- VISOR allows you to elect to receive notifications on changes in release status. Please use this resource before contacting **adult** carceral facilities about Reentry FCAA members' releases.
