      Went well, about 12 participants and several jurisdictions represented already had a policy and were repeat audience members. Two jurisdictions didn't have policies and are now pursuing policy options. Shoutout to Belinda from the Hood River presenter for all the help they received from her!

3. **Park Grid Subgroup – Draft of proposed changes to the Parks/Fairs Grid will be discussed – Matthew or other group member.**

   Members – Ashley, Gwynn, DeAnn, Tara and Matthew

   Looked at it from perspective that don't just hand to decision makers, but more of internal use.

   Create area to keep pictures of signage. Put pictures of signage on Smokefree Oregon.

   Different tabs breaks it down more and adds a media page which will be useful.

   Talks to add links to ordinance in policy description section of grid.

   Signage guidelines – come up with recommendations about what a good sign design would look like. Steven, Kirsten, Ashley, Emily & OHA to work on this

Tara to check about possibility to add signage examples to Smokefree OR and to have a media contractor work on signage guidelines

***Agenda item with updates on this next month – please review and we will discuss any concerns/changes next month.**

Next step is to fill in rest of grid
