TMDL Implementation

Riparian Vegetation - Temperature Reductions and More

Wednesday, April 3, 2019 10:00 a.m. – 12:00 p.m. ODFW Headquarters Commission Room 4034 Fairview Drive SE Salem, OR 97302

9:45 Check-in, Greet and Meet

10:00 Welcome and Introductions

Zach Loboy, DEQ Western Region Water Quality Manager

10:15 Assessing the Status of Riparian Restoration, Protection, and Shading in the Southern

Willamette Basin

Ryan Michie, DEQ Senior Analyst, Watershed Management Section

DEQ conducted a study in the southern portion of the Willamette Basin to evaluate and quantify progress in riparian tree planting and retention projects, the status toward achieving TMDL effective shade targets, stream temperature trends, and lessons

learned.

11:00 Catalyzing Landscape Conservation with Transformational Partnerships

Bruce Roll, Clean Water Services

In 2004, Clean Water Services, started investing in riparian restoration to meet DEQ permit needs. This effort catalyzed and spawned one of largest and most successful landscape conservation programs in the United States (https://www.jointreeforall.org). This presentation will highlight the lessons learned and the key factors that influenced

the success of this program.

11:50 Closing

Steve Mrazik, DEQ Northwest Region Water Quality Manager

12 Noon Adjourn

Light refreshments provided

Alternative formats
