## Evaporative Cooling Tower Requirements

Sunstone Solar Project  
June 2023

Prepared for

Sunstone Solar, LLC

Prepared by

Tetra Tech, Inc.

Oregon Administrative Rule (OAR) 345-021-0010(1)(z) requires proponents to provide information about the cooling tower plume, if the proposed project includes an evaporative cooling tower.

The Sunstone Solar Project (Facility) is exempt from the requirements of OAR 345-021-0010(1)(z), since the Facility does not include the development or use of evaporative cooling towers.
