mCVI
Mobile app

Mobile application for creation of electronic Certificates of Veterinary Inspection

The mCVI mobile app created by the Institute for Infectious Animal Diseases is available free of charge through the Oregon Department of Agriculture for use by Oregon accredited veterinarians. The app is available for Android and iOS devices and will work on both smartphones and tablets.

Get started:

1. Download the mCVI app
- iTunes: https://goo.gl/ux3XBK
- Google Play: https://goo.gl/S3HXCn

2. Create an account
- Each accredited veterinarian must create an account for his or her use.
- Veterinarians must be licensed and accredited to practice in Oregon.

3. Wait for approval
- The Oregon State Veterinarian will approve accounts within 1-2 business days.

4. Use the app
- Using the app, veterinarians can create small and large animal Certificates of Veterinary Inspection.
- Completed certificates are automatically submitted to the Oregon State Veterinarian's Office and may be emailed to the client or printed directly from the app.
