

Plant & Part	Area Under Quarantine	Regulation	Requirements	Additional Information
All tree and shrub nursery stock	All states outside Oregon	Notification	Notification to ODA*	Rule 603-054-0027. Notify the ODA Plant Division of the shipment no more than two days after the shipment. The ODA may require the material to be held for inspection and release. For further information contact the ODA Nursery Program at 503/ 986-4644.
All plants; in growing media, sod, any other potential articles	AZ, CA, HI, MI, NM, TX, UT, WA; also snail culture/shipping prohibited within OR	Brown garden snail & other exotic phytophagous snails	Certificate; Notification to ODA*	Plant material certificate free of brown garden snail. Articles free of growing media excepted from certification.
All plants; plant parts including logs, wood chips, and pulpwood	Entire states of: CT, DE, DC, MD, MA, MI, NH, NJ, NY, PA, RI, VT. Listed quarantine areas in: IL, IN, ME, MN, NC, OH, VA, WI, WV	Gypsy moth	Certificate; Notification to ODA*	Federal Quarantine; plant material certified free from gypsy moth.
All plants; in growing media, sod, soil, hay, straw	Entire states of: AL, FL, GA, LA, MS, PR, SC. Listed quarantine areas in: AR, CA, NC, NM, OK, TN, TX, VA	Imported fire ant	Certificate; Notification to ODA*	Federal Quarantine; plant material certified free from imported fire ant.
All plants; in growing media, sod, bulbs, rhizomes, crowns; all plant parts, soil, humus, compost, manure	AL, AR, CO, CT, DE, GA, IL, IN, IA, KS, KY, ME, MD, MA, MI, MN, MS, MO, NE, NH, NJ, NM, NY, NC, OH, OK, PA, RI, SC, TN, TX, VT, VA, WV, WI, DC; Canada: ON, QB; Oregon: Quarantined area near Cedar Hill neighborhood	Japanese beetle	Certificate; Notification to ODA*	Federal Quarantine; plants in soil or growing media must be certified as fumigated or otherwise treated; washed bareroot plants, bulbs, etc. require certification.
Ash (<i>Fraxinus</i> spp.)	Entire quarantined states of CT, DC, DE, GA, IL, IN, IA, KY, MA, MD, MO, NC, NJ, NY, OH, PA, SC, VA, WV. Listed quarantined areas in AL, AR, CO, KS, LA, MI, MN, NE, NH, OK, TN, TX, WI.	Emerald ash borer	Federal Permit; Notification to ODA*	Updated quarantined areas can be found here: http://www.aphis.usda.gov/plant_health/plant_pest_info/emerald_ash_b/downloads/Areas_Quarantined.pdf

Plant & Part	Area Under Quarantine	Regulation	Requirements	Additional Information
Ash (<i>Fraxinus</i> spp.), birch (<i>Betula</i> spp.), elm (<i>Ulmus</i> spp.), hackberry (<i>Celtis</i> spp.), horse chestnut (<i>Aesculus</i> spp.), maple (<i>Acer</i> spp.), mimosa (<i>Albizia</i> spp.), mountain ash (<i>Sorbus</i> spp.), poplar/aspen (<i>Populus</i> spp.), sycamore (<i>Platanus</i> spp.), willow (<i>Salix</i> spp.), katsura (<i>Cercidiphyllum</i> sp.), golden rain tree (<i>Koelreuteria</i> sp.)	Parts of MA, OH and NY; ask ODA for details	Asian longhorned beetle	Limited Permit; Notification to ODA*	Federal Quarantine
Blueberry plants (<i>Vaccinium</i> spp.)	All of United States and all countries	Blueberry scorch virus	Certificate; Notification to ODA*	Blueberry plants must meet one of the following conditions to be certified: originate in a pest free area, laboratory tested and found free of blueberry scorch virus, or grown in a insect proof greenhouse originating from mother plants that were tested free of blueberry scorch.
Blueberry plants (<i>Vaccinium</i> spp.) bareroot exempt, blueberry fruit	All of United States east of and including ND, SD, NE, KS, OK, TX	Blueberry maggot	Prohibited	Plants must be certified* washed bareroot; Plants exempt from regulation when free from soil and growing media; clumps of soil or growing media larger than 1/2 inch diameter will be cause for rejection.
Chestnut (<i>Castanea</i> spp) and chinquapin (<i>Castanopsis</i> spp.), all parts, nuts in shell	Eastern and mid-western US (States east of and including CO, MT, NM, WY)	Chestnut blight, large and small chestnut weevils, oriental chestnut gall wasp, nut curculio	Prohibited	States west of regulated area: material admitted with certification stating origin. A copy of the certificate needs to be sent to ODA.*
Elm (<i>Ulmus</i> spp.), Zelkova, planertree (<i>Planera</i> spp.): all parts, including wood with bark, except seed	All of United States except AK, AZ, FL, HI, LA, NM, UT. In OR counties of Benton, Clackamas, Jackson, Lane, Linn, Malheur, Marion, Multnomah, Polk, Union, Washington and Yamhill.	Dutch elm disease, elm yellows phytoplasma	Prohibited (or Director's Exemption)	Material prohibited from quarantine areas. From exempt states (AK, AZ, FL, HI, LA, NM, UT) material must be certified.*

Plant & Part	Area Under Quarantine	Regulation	Requirements	Additional Information
European corn borer host plants: corn, beets, celery, endive, swiss chard, rhubarb, aster, Chrysanthemum, calendula, cosmos, hollyhock, marigold, zinnia, Japanese hops, dahlias (except tubers without stems) and gladiolus (except corms without stems), and pepper fruits.	All of United States except AK, AZ, CA, HI, ID, NV, NM, UT, WA	European corn borer	Certificate	
Filbert/ hazelnut (<i>Corylus</i> spp.) plants	All of the United States	Eastern filbert blight	Phytosanitary certificate or post-entry quarantine*	Phytosanitary certificate if plants are from a pest free area. Otherwise, only 25 plants per cultivar can be imported, and these will be held segregated for 2 growing seasons for inspection.
Fruit from apple (<i>Malus</i>), hawthorn (<i>Crataegus</i>), pear (<i>Pyrus</i>)	All states except AZ, CO, MT, NM, NV WY.	Apple maggot	No fruit can be on nursery stock	Oregon Quarantine to protect fruit production in Gilliam, Grant, Hood River, Morrow, Sherman, Umatilla and Wasco Counties.
Grape (<i>Vitis</i> spp.) all parts	All of United States	Grape quarantine: grape pests and diseases	Certificate; Notification to ODA*	Plants certified free of pests and diseases and treated. No field grown stock with roots.
Grape (<i>Vitis</i> spp.) plants	AL, AR, CA, FL, GA, LA, MS, MO, NC, SC, TX, OR- any infested site; Mexico	Glassy-winged sharp-shooter (a leafhopper)	Certificate; Notification to ODA*	Plants grown under compliance agreement or treated for sharpshooter.
Hawthorn (<i>Crataegus</i> spp.), quince (<i>Cydonia</i> sp.), apple (<i>Malus</i> spp.), <i>Prunus</i> spp., <i>Pyracantha</i> sp., pear (<i>Pyrus</i> spp.), mountain ash (<i>Sorbus</i> sp.)	BC in Canada, WA, and Multnomah and Clackamas counties in OR	Cherry bark tortrix moth	Certificate*	To be eligible for certifications plants must be fumigated with approved treatment, grown in a screened greenhouse, or officially inspected while dormant and free from foliage; plants less than 2 inch in caliper are exempt from regulation.
Hop plants (<i>Humulus lupulus</i>) and all parts, except dried cones	All of United States except ID and WA	Powdery mildew of hops	Prohibited	From ID and WA: certification from powdery mildew is required. Plants prohibited from other states.

Plant & Part	Area Under Quarantine	Regulation	Requirements	Additional Information
Invasive plants (all plant parts and seeds): butterfly bush (<i>Buddleja davidii</i>), Scotch broom (<i>Cytissus scoparius</i>), English ivy (<i>Hedera helix</i> and <i>Hedera hibernica</i>), purple loosestrife (<i>Lythrum salicaria</i>).	All of United States	Invasive plants	Prohibited	<i>Buddleja davidii/varabilis</i> prohibited throughout the state of Oregon. Plants being sold in Oregon that are labeled "Butterfly Bush" are assumed to be <i>B. davidii</i> and will be subject to a stop sale order. ODA approved sterile varieties of <i>Buddleja</i> that produce less than 2% viable seed and inter-specific hybrids that are not regulated, may be propagated and sold if labeled with the approved variety name.
Oak (<i>Quercus</i> spp.), chestnut (<i>Castanea</i> spp.), chinquapin (<i>Castanopsis</i> spp.), tanbark oak (<i>Lithocarpus densiflorus</i> spp.): all parts except seed; leaf-mold included	All of United States	Oak wilt disease	Certificate*	Certificate affirming origin state and plants free from oak wilt disease
Pine (<i>Pinus</i> spp.): all species, all parts, cut trees, branches, bark, logs	CT, IA, IN, MA, MI, MN, NH, NJ, OH, PA, RI, VT, WI, WV; Individual counties in IL, MD, ME, MO, NY, VA	Pine shoot beetle	Certificate*	Federal Quarantine
Plum curculio host material: Soil and growing medium from within the dripline of the following fruiting trees; (<i>Malus</i> spp.), apricot (<i>Prunus armeniaca</i>), nectarine and peach (<i>P. persica</i>), black cherry (<i>P. serotina</i>), choke cherry (<i>P. virginiana</i>), pin cherry (<i>P. pennsylvanica</i>), sweet cherry (<i>P. avium</i>), American wild plum, (<i>P. alleghaniensis</i>), beach plum (<i>P. maritima</i>), European plum, prune (<i>P. domestica</i>), Japanese plum (<i>P. salicina</i>), hawthorne or haw (<i>Crataegus</i> spp.), Pear (<i>Pyrus communis</i>), and quince (<i>Cydonia oblonga</i>)	All of United States east of and including ND, SD, NE, KS, OK, TX, Box Elder Co. in UT; Canada: east of and including MB	Plum curculio	Certificate*	Certificate required for soil, growing media and fruit

Plant & Part	Area Under Quarantine	Regulation	Requirements	Additional Information
<i>Prunus</i> spp. (almond, apricot, cherry, nectarine, peach, plum, and prune)	See quarantines. Various states per disease including: AL, AR, AZ, CA, CO, GA, IL, IN, KS, KY, MA, MD, MI, MO, MS, NC, NJ, NM, NY, OH, OK, PA, SC, TN, TX, UT, VA, WV, ONTARIO	Peach diseases: peach yellows phytoplasma; peach mosaic virus, peach rosette phytoplasma	Certificate*	Refer to Oregon Summaries of Exterior Quarantines for details.**
Sudden Oak Death (<i>Phytophthora ramorum</i>) hosts and associated plants. Host List: http://www.aphis.usda.gov/plant_health/plant_pest_info/pram/downloads/pdf_files/usdaprlst.pdf	Quarantine areas in California and Oregon, and nurseries in all states that have tested positive for <i>Phytophthora ramorum</i> within the last 3 years	Sudden oak death disease (<i>Phytophthora ramorum</i>)	Federal Shield	Quarantine areas: Alameda, Contra Costa, Humboldt, Lake, Marin, Mendocino, Monterey, Napa, San Francisco, San Mateo, Santa Clara, Santa Cruz, Solano, and Sonoma counties in California; Curry county in Oregon.

updated 2/1/2018

* Shipper must notify Oregon Department of Agriculture (ODA) of shipment; Oregon receiver must hold shipment for Department inspection. For additional information contact: Oregon Department of Agriculture, Plant Protection and Conservation Programs, 503-986-4644, fax 503-986-4786. Mail: 635 Capitol Street NE, Salem, Oregon, 97301-2532. www.oregon.gov/ODA/programs/NurseryChristmasTree (or <https://oda.direct/NCT>)
