

# Pesticide Apprentice License (APL) Application

---

OREGON  
DEPARTMENT OF  
AGRICULTURE

Pesticides Program  
503.986.4635

## Instructions:

- Complete this form to apply for a new license or renew your license. Required fields are indicated with an asterisk (\*). Electronic signatures will not be accepted (wet ink only).
- If you have not been issued a Social Security Number by the US Social Security Administration, additional documentation is required. Please contact ODA for more information.
- Submit completed application to the secure fax or mailing address listed at the bottom of the form. To protect your information, do not submit via email.
  - » By default, applications received January 1 through November 16 will be processed for the current calendar year (Note: License will expire December 31 of the current calendar year). License applications for the following calendar year are accepted beginning on November 17. See below if you are applying for a late-in-the-year license.
  - » Please allow 2 to 4 weeks for processing of completed applications.
- ODA will issue and mail qualifying applicants a license. You are officially licensed when your license is listed in our online database: <http://oda.direct/PestLicenseStatus>.
  - » Note: For each pesticide application, you will need to record your legal name and license number. Therefore, before you make any pesticide applications, it is recommended that you have your license number handy or wait until you have your physical license in hand.

**Important:** This license application is for individuals that apply pesticides under the supervision of a licensed commercial or public pesticide applicator with the appropriate license categories. This license allows you to perform pesticide application activities when your licensed supervisor is not physically present. However, the appropriately licensed supervisor must be reasonably available for any needed consultation or further direction by the licensed Pesticide Apprentice (e.g., cell phone, 2-way radio).

**Questions?** Please contact the ODA Pesticides Program at 503.986.4635.
