Statewide Education Initiatives Account 2023-25 Charter School Equity Grants

Public Charter Schools Eligible to Apply Directly for Equity Grants

Non-virtual public charter schools that meet specific criteria are eligible to apply for Equity Grants from the Statewide Education Initiatives Account funding under the Student Success Act (SSA) [1]. These public charter schools must have a student population of which at least 65% of the student population is composed from the following combined student groups:

1. Racial or ethnic groups that have historically experienced academic disparities including American Indian/Alaska Native, Black/African American students, Hispanic/Latino, and Native Hawaiian/Pacific Islander, and multiracial; [2] or
2. Students with disabilities who have an Individualized Education Program (IEP) [3].

Attached is a list of eligible public charter schools that may apply for an Equity Grant directly in the spring of 2023 with funds being available July 1, 2023, ending June 30, 2025.

Data used to determine which public charter schools are eligible to submit a 2023 Equity Grant Application is from the 2021-22 Spring Membership Report and derived from the 3rd period cumulative average daily membership collection; and for schools in their first year of operation from the 2022 Fall Membership report derived from the 1st period cumulative average daily membership collection and the December 2022 Special Education Child Count Data.

Required Notice of Intent to Apply for an Charter School Equity Grant

Eligible charter schools interested in applying directly for an Equity Grant in 2023 must give notice to the Department of Education[4]. This notice must include a copy of the charter school's contract for the provision of educational services and funding.[5] An intent to utilize the grant notice will be sent to eligible Charter Schools by March 1, 2023. If any additional schools are identified as eligible through the verified SpEd ChildCount Data in mid-April, a second published notice will be sent out with an intent to utilize the grant notice to eligible schools.

Department requests public charter schools give this notice by 11:59 p.m. on Wednesday, March 15, 2023, by completing a Smartsheet form which will be sent to eligible schools.

A webinar will be scheduled to review the application materials and provide additional grant information to eligible schools. Tentative application submission date is end of April 2023.
