

**HIGH SCHOOL
SUCCESS**

*High School Success Plan
2021-2023*

**OREGON
DEPARTMENT OF
EDUCATION**

Lead Organization **Sheridan Japanese School**

Goal #1	Students will gain necessary skills that support their success in the community, at SJS and their post high school choices.
Short-Term Outcome	Students and staff will participate in weekly Care Team Meetings where they will discuss academics, attendance, behavior and post high school plans. Students and their families will be aware of their on-track status. Staff will get to know students. Staff will have access to Care Team data to determine how to help students.
Long-Term Outcome	On-track status will increase by 25%. 100% of students will graduate on time. High School course failure will drop by 25%. All high school students will be enrolled in classes that earn them college credit or CTE programs that help them reach their post high school goals.
Dropout Prevention Activity #1	Weekly Care Meetings will be held to discuss academics, behavior, attendance and post high school goals. Staff will track student Care Team data using a shared Google Doc.
Goal(s) this activity addresses	Goal 1
Dropout Prevention Activity #2	We will strengthen community through a 2-3 day Living History Field Study trip for our high school students each year. We will tour places in the Pacific Northwest that match the topics we are studying. This trip will help create and grow bonds, student to student and student to teacher, thus decreasing high school dropouts.
Goal(s) this activity addresses	Goal 1
Dropout Prevention Activity #3	We will continue to fund a High School Success teacher to work with 8-12th graders on On-Track and ASPIRE Curriculum. This teacher will build relationships with students to plan for college visit, PSAT and SAT testing, trade school or the military. They will help coordinate connections in the community to help reach these goals.
Goal(s) this activity addresses	Goal 1
Dropout Prevention Activity #4	We will need to re-establish connections lost to our past CTE programs due to COVID-19 while establishing new programs. These programs will included VEX robotics, gardening, journalism, and art.
Goal(s) this activity addresses	Goal 1
College Level Opportunities Activity #1	We will pay for PSAT and SAT testing and necessary prep course to eliminate barriers for this important test.
Goal(s) this activity addresses	Goal 1

Lead Organization **Sheridan Japanese School**

College Level Opportunities Activity #2 We will increase opportunities for students to access courses that earn college credit.

Goal(s) this activity addresses Goal 1
