Lane County Approved Route List

Without Permit

Truck-Tractor Semitrailer Combinations may operate at a maximum of 75 feet in overall length on all county highways or, Combinations consisting of Double Trailers may operate at a maximum of 75 feet in overall length on all county highways or, Truck & Trailer Combinations may operate at a maximum of 75 feet in overall length on all county highways.

- **The maximum length of a semitrailer in a truck tractor semitrailer combination is 45 feet.**
- **The maximum length of a semitrailer in a truck tractor semitrailer trailer combination (doubles) is 40 feet. The distance measured from the front of the first trailer to the end of the rear trailer cannot exceed 68 feet.**
- **The maximum length of a truck or trailer in a truck trailer combination is 40 feet.**

LOCAL DELIVERY: (Maximum overall length 75')

In the case where the terminal cannot be accessed by traveling solely on the permitted Extended weight routes, the truck operator may use such streets and highways as are necessary, except where specifically prohibited as shown on this attachment or posted by road sign. Operator shall use Extended weight routes to minimize travel on Non-extended weight routes. Savings in route length, time or avoidance of inconvenience is not justification for the use of Non-extended weight routes. If called upon, operators shall produce documents as evidence to support the reason they are on a Non-extended weight route. Documentation shall include site address, owner's name, etc. and will be subject to verification.

Terminal shall mean any location where:

- **Freight either originates, terminates or is handled in the transportation process; or**
- **Commercial motor carriers maintain operating facilities.**
