

The CCECC organizational chart shows the committees involved in guiding the development and implementation of the state Child Care and Development Fund plan: Professional Development, Inclusive Child Care, Oregon Child Care Research Partnership, Program Quality Advisory, CCR&R Advisory and Subsidy Coordination Work Group. Additionally, some of these committees implement quality activities with tax credits, federal stimulus (ARRA), and other funds included within this infrastructure. The Council is the clearinghouse for all child care system partners to hear and provide input to decisions made at the committee level. Several of these committees have subcommittees that work on specific strategies, activities, and tasks within the committees work plans.
