## WorkSource Oregon Centers

You may be considering a new line of work or improving some of your skills and that could require training. The Training Unemployment Insurance (TUI) program allows dislocated workers attending training programs to receive their benefits without looking for work. There are specific requirements to qualify for this program and the training program must be approved; so be sure to check with the Employment Department or with your WorkSource Oregon one-stop center for details before finalizing your training plans.

Here are the addresses and phone numbers where specifically designed services for dislocated workers are offered. If you have questions or need assistance, please contact the office that serves the county where you live.
