Notes:

- 1) Future meetings: the workgroup agreed to meet again on April 11 in Pendleton and on May 17th in Roseburg.
- 2) Members will contact their respective LPSCCs with the “Update” report to get feedback as to which issues they feel need to be addressed from a state-wide, regional and local perspective. Mike will e-mail copies of the electronic copies of the reports to workgroup members.
- 3) Members will get the results of their discussions to Mike not later than April 4th so he can send them to workgroup members for review prior to the April 11th meeting.
- 4) Workgroup members will each designate 2 – 3 other LPSCCs that they will reach out and serve as liaison to.
- 5) The workgroup will develop a list of other profession groups that they think should be involved in these discussions to make sure that they are represented in these discussions.
- 6) Mike will follow up to get current recidivism rates from DOC and to get information on the fiscal breakdown for public safety in Oregon.
