Relating to public contracting; creating new provisions; amending ORS 279B.055, 279B.060, 279B.110, 279B.145, 279B.420 and 279C.375 and section 3, chapter 368, Oregon Laws 2009 (Enrolled House Bill 2953); repealing section 2, chapter 368, Oregon Laws 2009 (Enrolled House Bill 2953); and declaring an emergency.

Be It Enacted by the People of the State of Oregon:

SECTION 1. Sections 2, 3 and 4 of this 2009 Act are added to and made a part of ORS chapter 279B.

SECTION 2. (1) Except as provided in section 4 of this 2009 Act, before conducting a procurement for services with an estimated contract price that exceeds $250,000, a contracting agency shall:
   (a) Demonstrate, by means of a written cost analysis in accordance with section 3 of this 2009 Act, that the contracting agency would incur less cost in conducting the procurement than in performing the services with the contracting agency’s own personnel and resources; or
   (b) Demonstrate, in accordance with section 4 of this 2009 Act, that performing the services with the contracting agency’s own personnel and resources is not feasible.
   
   (2) If a local contracting agency authorizes a department, bureau, office or other subdivision of the local contracting agency to conduct a procurement on behalf of another department, bureau, office or subdivision of the local contracting agency, the department, bureau, office or subdivision on whose behalf the procurement is conducted shall comply with the requirement set forth in subsection (1) of this section.
   
   (3) Subsection (1) of this section does not apply to:
      (a) A local contracting agency or a local contract review board for a city that has a population of not more than 15,000 or a county that has a population of not more than 30,000;
      (b) A community college that enrolls not more than 1,000 full-time equivalent students, as defined in ORS 341.005;
      (c) A special district, as defined in ORS 198.010, a diking district formed under ORS chapter 551 and a soil and water conservation district organized under ORS 568.210 to 568.808;
      (d) The Port of Portland; or
      (e) Procurements for client services, as defined in OAR 125-246-0110.

SECTION 3. (1) In the cost analysis required under section 2 of this 2009 Act, a contracting agency shall:
   (a) Estimate the contracting agency’s cost of performing the services, including:
(A) Salary or wage and benefit costs for contracting agency employees who are directly involved in performing the services, including employees who inspect, supervise or monitor the performance of the services.

(B) Material costs, including costs for space, energy, transportation, storage, raw and finished materials, equipment and supplies.

(C) Costs incurred in planning for, training for, starting up, implementing, transporting and delivering the services and costs related to stopping and dismantling a project or operation because the contracting agency intends to procure a limited quantity of services or procure the services within a defined or limited period of time.

(D) Miscellaneous costs related to performing the services. The contracting agency may not include in the cost analysis the contracting agency’s indirect overhead costs for existing salaries or wages and benefits for administrators or for rent, equipment, utilities and materials except to the extent that the costs are attributable solely to performing the services and would not exist unless the contracting agency performs the services.

(b) Estimate the cost a potential contractor would incur in performing the services, including:

(A) Average or actual salary or wage and benefit costs for contractors and employees who:

(i) Work in the industry or business most closely involved in performing the services that the contracting agency intends to procure; and

(ii) Would be necessary and directly involved in performing the services or who would inspect, supervise or monitor the performance of the services;

(B) Material costs, including costs for space, energy, transportation, storage, raw and finished materials, equipment and supplies; and

(C) Miscellaneous costs related to performing the services, including but not limited to reasonably foreseeable fluctuations in the costs for the items identified in this subsection over the expected duration of the procurement.

(2)(a) After comparing the difference between the costs estimated as provided in subsection (1)(a) of this section with the costs estimated as provided in subsection (1)(b) of this section, except as provided in paragraph (b) of this subsection, the contracting agency may proceed with the procurement only if the contracting agency would incur more cost in performing the services with the contracting agency’s own personnel and resources than the contracting agency would incur in procuring the services from a contractor. The contracting agency may not proceed with the procurement if the sole reason that the costs estimated in subsection (1)(b) of this section are lower than the costs estimated in subsection (1)(a) of this section is because the costs estimated in subsection (1)(b)(A) of this section are lower than the costs estimated in subsection (1)(a)(A) of this section.

(b) A contracting agency may proceed with a procurement even if the contracting agency determines that the contracting agency would incur less cost in providing the services with the contracting agency’s own personnel and resources if at the time the contracting agency intends to conduct a procurement, the contracting agency lacks personnel and resources that are necessary to perform the services within the time in which the services are required. If the contracting agency conducts a procurement under the conditions described in this paragraph, the contracting agency shall:

(A) Keep a record of the cost analysis and findings that the contracting agency makes for each procurement the contracting agency conducts under this section, along with the basis for the contracting agency’s decision to proceed with the procurement; and

(B) Collect and provide copies of the records described in subparagraph (A) of this paragraph each calendar quarter to the local contract review board, if the contracting agency is a local contracting agency, or to the Emergency Board, if the contracting agency is a state contracting agency.
(c) If the contracting agency is a state contracting agency, in addition to complying with the provisions of paragraph (b) of this subsection the contracting agency shall prepare a request to the Governor for an appropriation and any authority that is necessary for the contracting agency to hire personnel and obtain resources necessary to perform the services that the contracting agency procured under the conditions described in paragraph (b) of this subsection. The request must include a copy of the records that the contracting agency provided to the Emergency Board under paragraph (b)(B) of this subsection.

(3) A cost analysis, record, documentation or determination made under this section is a public record.

SECTION 4. (1) Notwithstanding the provisions of section 3 (2)(a) of this 2009 Act, a contracting agency may proceed with a procurement if the contracting agency reasonably determines in writing that using the contracting agency’s own personnel or resources to perform the services that the contracting agency intends to procure is not feasible. The contracting agency may make the determination described in this subsection without conducting a cost analysis under section 3 of this 2009 Act if the contracting agency finds that:

(a) The contracting agency lacks the specialized capabilities, experience or technical or other expertise necessary to perform the services. In making the finding, the contracting agency shall compare the contracting agency’s capability, experience or expertise in the field most closely involved in performing the services with a potential contractor’s capability, experience or expertise in the same or a similar field.

(b) Special circumstances require the contracting agency to procure the services by contract. Special circumstances may include, but are not limited to, circumstances in which:

(A) The terms under which the contracting agency receives a grant or other funds for use in a procurement require the contracting agency to obtain services through an independent contractor;

(B) Other state or federal law requires the contracting agency to procure services through an independent contractor;

(C) The procurement is for services that are incidental to a contract for purchasing or leasing real or personal property, including service and maintenance agreements for equipment that is leased or rented;

(D) The contracting agency cannot accomplish policy, administrative or legal goals, including but not limited to avoiding conflicts of interest or ensuring independent or unbiased findings in cases when using the contracting agency’s existing personnel or persons the contracting agency could hire through a regular or ordinary process would not be suitable;

(E) The procurement is for services to which the provisions of ORS 279B.080 apply;

(F) The procurement is for services, the need for which is so urgent, temporary or occasional that attempting to perform the services with the contracting agency’s own personnel or resources would cause a delay that would frustrate the purpose for obtaining the services; or

(G) The services that the contracting agency intends to procure will be completed within six months after the date on which the contract for the services is executed.

(2) A finding or determination and supporting documentation for a finding or determination made under this section is a public record.

SECTION 4a. (1) The Oregon Department of Administrative Services, in consultation with contracting agencies and representatives of employees of contracting agencies that are subject to sections 2, 3 and 4 of this 2009 Act, shall evaluate the extent to which the provisions of sections 2, 3 and 4 of this 2009 Act aided the contracting agency in making a determination as to whether to procure services or to perform services with the contracting agency’s own personnel and resources.

(2) The department shall report the results of the consultation and evaluation to the Legislative Assembly on January 10, 2011.

SECTION 5. ORS 279B.055 is amended to read:

The consequences may include, but are not limited to:

The requirements may include, in addition to the information described in subsection (2) of this section, criteria to determine minimum acceptability, such as inspection, testing, quality and suitability for intended use or purpose. Criteria that will affect the bid price and will be considered in evaluation for award including, but not limited to, discounts, transportation costs and total costs of ownership or operation of a product over [its] the life of the product must [shall] be objectively measurable. The invitation to bid [shall] must set forth the evaluation criteria to be used. No criteria may be used in a bid evaluation that are not set forth in the invitation to bid or in a qualified products list maintained under ORS 279B.115.
