## Bike to Work

### Oregon Among the Leaders

Oregon was among the first states to pass a "bike bill," with the provision approved by the legislature in 1971. The bill requires the inclusion of facilities for pedestrians and bicyclists wherever a road, street or highway is built or rebuilt.

## Current Topics

### A Report to Our Citizens

Citizens need reliable information about their government. The Citizen Centric Report provides a quick, nonpartisan snapshot of the state's finances and its programs. Paid for by a grant from the Association of Government Accountants, the Report is a good starting point for any citizen who wants information about state government.
