GEO report (Cy)	<ul style="list-style-type: none">• Frustrated with lack of communication and coordination from BLM on 2005 half meter aerial imagery. Shooting for the end of June to meet contractual obligations with partners.• Only 10 counties have signed data sharing license. Working with focus group of key local and state partners to resolve the issues. Lack of progress is impeding development of navigatOR. Focus group has said that statutory authority for OGIC is necessary part of solution.• PLSS meeting at OACES conference.• Standards Forum in Eugene on June 28.
