<b>Topic</b>	<b>Discussion Summary</b>	<b>Result</b>	<b>Action Req'd Yes/No</b>	<b>Resp. Party</b>
<b>Standards Forum</b>	<p>Cy reviewed the Forum structure, and encouraged all to participate in the next. Discussion followed with recommendations for the next forum. There was considerable discussion regarding the idea that standards for each Framework element should include, as a primary component, a shared data model. Cy reminded the group that the easy subjects have been covered and now the real test of endurance as a community is imminent. It was suggested that the work on public land ownership be more closely linked with the Cadastral Framework (ORMAP).</p> <p>Location for the next Form was discussed with weather and time of year taken into consideration.</p>	<p>Recommendation that the next forum includes standards for Cadastral and Transportation with workshops from BioScience, Hydro and possibly Elevation (vector). It was recommended that more themes could be presented at future Forums by using a "Trade Show" type of informational display for subjects that are finished and just need updated information or release of information.</p> <p>Next Forum will be held in June in the Dalles.</p>	Yes	Cy
<b>Implementation Plan</b>	<p>Cy has been working on the Implementation Plan for some time. He has a lot of material ready to put the plan together and requested more information from all committees. <b>Funding issues</b>	Cy reported that IRMD Managers are being asked to review their project lists and the budgets dollars. He outlined the Framework dollars that are available and unencumbered that need to be dispersed.	All committee members are to review their projects and send Cy recommendations on how to best spend the remaining funds available to Framework projects. E-Mail ideas to Cy and if more than one idea occurs the list needs to be prioritized. Cy will email absent members with an outline and the request.	Yes	Cy, Chairs and Committees
