

Oregon GIS Program Leaders Meeting
July 14, 2009
DAS Executive Building, Salem

Present: Brady Callahan, OPRD; Aaron Heriford, DHS; Malavika Bishop, DEQ; Bob Harmon, OWRD; Randy Dana, DLCD; Rudie Watzig, DOGAMI; Erik Endrulat. DAS/GEO

Scribe: Brady Callahan, OPRD

Topic	Discussion Summary	Result	Action Req'd Yes/No	Resp. Party
Introductions		Self introductions	No	
Minutes	None	Approved	No	
Next meeting		Sept 8 th - DLCD	Yes	Randy
Announcements	ELASTIC meeting tomorrow (7/14) Suggestion that ELASTIC try and schedule its meeting date concurrent with GPL to facilitate travel for those coming from Portland.		No	
Charter Revision	OGIC suggested a change to the GPL proposed charter revision and approved the charter subject to their change. GPL needs to either approve or reject OGIC's changes.	Because this is an important topic and the number of committee members present is low. Brady will send the vote out via email to get more feedback.	Yes	Brady
DAS/GEO Services	A sub-committee from GPL was assisting DAS/GEO in providing base map service layers. The group last met in the Summer of 2008. DAS/GEO developed three sample services (Hydro, Transportation, Administration) for review. Committee members present were unfamiliar with the sample services and requested the access information.	Brady will request Dave Mather come to the September meeting to talk about the project.	Yes	Brady
Agency Reports				
DOGAMI	On-going projects. All twelve GIS users are now using 9.3.1			
DEQ	On-going projects			
DHS	Potential for discussion with management on enterprise GIS. Public health project to use Web mapping services			
DAS/GEO	Servers were updated to 9.3.1 recently. Some problems occurred but have been resolved and everything should be working now. Stimulus tracking project has been updated. 2009 imagery is being flown. Working on a method to setup training software for use under the ELA.			
WRD	9.3.1 installed on several machines. Discovered a significant bug related to extracting data from SDE 9.1 to File GDB where ArcGIS Desktop crashes when attempting to delete a field. Dorothy is working on updating form based Web mapping application			

Topic	Discussion Summary	Result	Action Req'd Yes/No	Resp. Party
	using PLTS.			
DLCD	No Report			
OPRD	On going project to map new and existing trails in State Parks. Testing 9.3.1 on a few machines. Looking into using AGS for Web based entry of simple geometry, moving to a keyless license sever on a virtual machine.	Will send link to ESRI info on keyless license server	Yes	Brady
