

**Oregon GIS Program Leaders Meeting
February 11, 2003
Division of State Lands Building - Salem**

Present: Ed Arabas, DAS-OGDC; Grant Robinson, ODOT; Joe Bernert, OED; Randy Dana, DLCD; Paul Staub ODG; Malavika Bishop, ODEQ; Emmor Nile, ODF; Bob Harmon OWRD; Doug Terra, OWEB; Diane Walker, ODA; Cy Smith, DAS/GEO; Ken Kato, UO-GEOG.Dept; Mark Kinslow, ODF; Jan Shearer, ODOT; Kris Wobbe, OWRD; Bob Devyldere, OWRD; Brett Juul, DOR; Scott Jackson, DOR; Stephanie Reitmajer, DAS; Lisa Snively, DAS; Randy Sounhein, DSL.

Scribe: Lynda Raybould, DAS/IRMD

Handouts: PRJfiles spreadsheet

Topic	Discussion Summary	Result	Action Req'd Yes/No	Resp. Party
Introductions	Self introductions		No	
Minutes 1/14/03	Accepted with corrections; corrections submitted to Gillien	Corrected version will be posted to web	Yes	Gillien Duvall
Schedule March 11, 2003 meeting	Discussion determined that the next meeting would be held in Salem at Water Resources.		Yes	Bob will schedule the OWRD facility
GIS Classification	Presentation given by Stephanie Reitmajer, DAS on the process for establishing a new State classification for GIS. A conceptual design meeting was suggested as a way for DAS to begin formulating the classifications and different levels.	Cy recommended a sub committee work with Stephanie to give input for the different levels and classifications needed.	Yes	DOR: Scott Jackson; ODOT: Dennis Scofield; DEQ: Malavika Bishop; UofO: Ken Kato; ODF – Emmor Nile
Orthoimagery Standard (RFP review)	Emmor Nile reported that the RFP that was issued using the Orthoimagery Standard guidelines has been successfully posted.	The Standards prove to be workable	No	
Certification development	Cy reported that the OGIC committee met and the group decided	Draft form of document has several pieces to	Yes	Cy – next month's agenda

Topic	Discussion Summary	Result	Action Req'd Yes/No	Resp. Party
	the URISA program to be used for certification plan for Oregon and be administered through URISA.	work on. Hopefully the final draft can be released by end of month and presented for recommendation		item.
Framework Implementation Teams	<u>GeoScience:</u> Meet March 5 at 1:30 in the Portland State Office Building. Guest speaker from the Idaho Geological Survey will discuss Geologic map data modeling.		No	
DAS/OGIC Update	Cy reported meetings with Ed and discussions surrounding HAZUS/ emergency planning and the need for framework data. Ed reported that risk evaluation criteria software and the earthquake module along with the flood mod are coming out next in HAZUS. Ed shared information on the PRJ projection files via a handout		No	
Next Meeting	Mar 11, 2003 in Salem at OWRD		No	
Department Reports				
DSL	Ownership – land board trust lands will be done next week.			
UofO	Project with OWEB is atlas style to match biennial report.			
DLCD	Data is back from Linn County on public structures on coast; some that are in the shoreline are of concern. Thanks to all for the help in reviewing the orthoimagery quote.			

Topic	Discussion Summary	Result	Action Req'd Yes/No	Resp. Party
OWEB	Board using funding for the natural resource information system for the Oregon Plan. Next step to bring together the appropriate information system program leads and managers to discuss natural resource information systems and applications under development and in use and identify opportunities for collaboration.			
DOGAMI	Data Set for landslide prone areas is ready to release soon.			
ODOT	Evaluating routing software for use on ODOT's transportation layer. Developing an online emergency contractor registry.			
Water Resources	Kris Wobbe is the new GIS analyst; they now have 2 full time and 2 half time employees in GIS. ESU starting on water rights mapping project within a month. Bob will be conducting ArcView 3.x training for field office employees in late March in La Grande.			
Forestry	Continue working with the Public Ownership layer. Preparation for the contour lines distribution before next fire season.			
Revenue	ORMAP Advisory group meets Mar 27			
Agricultural	Plant division has a new PC for GIS – working to input rural fire districts before the field-burning season. Currently writing business plan.			
DEQ	The new list of streams is released; municipal watersheds should be ready in about 3-4 weeks. And they are checking a new listing for lakes.			
Other Discussion	Some general problems with data and data imagery were discussed. Topics included the 2000 orthoimagery – files from two different years have been named the same; quads are presently different; there is a lack of completeness. More discussion included data size and what to do to get complete images for CD's.		Sub Committee meeting needs to be set. Let Ed or Emmor know where to start.	Ed Arabas Emmor Nile
