Topic	Discussion Summary	Result	Action Req'd Yes/No	Resp. Party
Introductions	Self introductions		No	
Minutes 2/11/02	Accepted with corrections; as posted to web		No	
Schedule February 11, 2003 meeting	Discussion determined that the next meeting would be held in Salem Oregon Emergency Management; State and Hawthorne		Yes	Emmor will confirm and notify GPL group if there is a change
Framework Implementation Teams, Committee Chairs	<u>Paul – Geo Science:</u> Last Wednesday Loudon Stanford from Idaho made a presentation to the GeoScience group about the Idaho model. He stayed over and talked with staff the next day – able to provide assurance that Science will be driving the models being developed. Also, reported that the Pilot project they put in for was 95% funded by USGS which enables them to move forward with plans for 1/6 state coverage with work being done over a 6-year period.	Will provide a PowerPoint presentation to Gillien for posting to the website; will also provide the meeting notes for posting.	Yes	Gillien to post information to web

Topic	Discussion Summary	Result	Action Req'd Yes/No	Resp. Party
	<p><u>Scott Jackson:</u> Tax Lots – last quarter of 02 exceeded goals of number of people refinancing. A sub committee is working on testing of goals 3 & 4 maps. There will be a meeting March 27 with discussion covering what is complete and what is not.</p> <p><u>Emmor Nile:</u> Orthos – hand out of DOQ status with issues listed on back. File naming is main issue at this time. Will hopefully be out sooner than 94-96 orthos to all users. Priority given to dark areas in valley with funding from OGIC and ones under County jurisdiction.</p> <p><u>Cy Smith:</u> Ed Arabas also submitted a DOQ map for review – showing information provided on areas still needing to be purchased.</p> <p><u>Emmor Nile:</u> Shared visual of flow chart for fire related themes.</p>	<p>Questions and comments need to be submitted ASAP for input.</p> <p>Follow up on money available and who has already purchased additional areas needed</p> <p>GIS working teams are having success in sharing information with water resources group.</p>	<p>No</p> <p>Yes</p>	<p></p> <p>Cy will contact BLM</p>
<p>OGDC Data Library discussion</p>	<p>Steve Barnett provided a handout with list of current spatial data library content. He also reviewed the questions that had been sent for input to the GPL group. Discussion regarding labeling changes, file format questions and web links that are being provided followed.</p>	<p>There is a new contact in Roseburg who will be updating the State Names theme (GNIS). She should be invited to next meeting.</p> <p>Chairs should send additional information or changes to Steve.</p>	<p>Yes</p>	<p>Steve will send Emmor information – Emmor will invite</p> <p>GPL chairs</p>

Topic	Discussion Summary	Result	Action Req'd Yes/No	Resp. Party
2000 Ortho Update	<p>Cy referred to the map that Ed provided – Clatsop county is purchased; light gray areas are ordered or already purchased. Most of the North Central area will be purchased with ORMAP money. Diapositives for rest of state will total \$14,000. With \$6,000 to \$7,000 used this year.</p>	<p>Southeast may be being purchased with BLM money.</p> <p>Get clarification on process and timeline from Ed.</p>	Yes	Cy to check information
DAS/OGIC update	<p>Cy opened discussion of the proposed OGIC agenda items.</p> <p>Also discussed was the need to clarify Cy's appointment as a representative to Western Governor's Association (WGA).</p> <p>There will be a WGA Cadastral forum May 6-8, with 6 representatives from each state provided with funding to attend.</p> <p>Cy announced the next FIT meeting for March 12 from 9-12 at BLM. OGIC meeting place has changed this month to DAS West 10:30 to noon in Conference Room A.</p> <p>Discussion also covered the new restrictions on</p>	<p>*Agenda includes: IRICC &WGA *Coordination Oregon Plan IS Strategy Status *Framework Data Devel. Review *Master Agreement Review *Oregon Geospatial Data Clearinghouse Infrastructure. *Legislative Review</p> <p>Cy will be gathering the group with a focus on representation from multiple jurisdictions – Scott will help to contact candidates</p>	Yes	Cy and Scott

Topic	Discussion Summary	Result	Action Req'd Yes/No	Resp. Party
	color printing and how that applies to map printing.			
Next Meeting	April 8, 2003 Oregon Emergency Management - Salem		No	
Department Reports				
DLCD	Inventory of the amount of shoreline for the State of Oregon continues. Goal is to document the number of miles of shoreline		No	
Employment	Geo coding continues			
OWEB	Moving forward with strategy workshop; developing a more deliverable work plan to justify the Board approved federal fund expenditure. Uncertain remains due to position cuts and who will be covering what. Budget goes to Ways & Means in April.		No	
Revenue	No report		No	
Agriculture	No report		No	
DOGAMI	Landslide data set is out in final form. Information is organized by county. Nineteen western counties have requested the information.		Yes	Steve put on web
ODOT	With training restraints they have successfully developed an in-house training unit to train staff on ARCVIEW. Their first basic training will be next week.		No	
Forestry	They have a contract with persons to digitize fish and stream maps on a 1:24K scale. There have been some problems with integration and delivery of data. Should have project completed by July and information will be available by then.		No	
Emmor/ Framework	Public Land ownership layer has had an intern working on the project – project looks good		No
