

## GPL Meeting

September 8, 1998

### Present

Ed Arabas - ODOT Paul Staub - Dogami

Jan Shearer - ODOT Randy Dana - DLCD

Roosevelt Carter - SSCGIS Bob Harmon - OWRD

Beate Sterrenberg - ODA Emmor Nile - ODF

Steve Barnett - SSCGIS Doug Terra - DEQ

Jim McGinnis - SW Province

### Presentation from the SW Province

Jim McGinnis informed GPL that he has been gathering data for the SW province from various data sources. The data will be available on both a website and CD. Jim has hired ESRI to help him look at how the various datasets could be housed at a single location. As part of this effort ESRI will be interviewing several people on the 15<sup>th</sup> and the 16<sup>th</sup> of September. Jim hopes to get a Department of Interior

(DOI) Aurora partnership to create a seamless pilot project for multiple provinces in Oregon.

### State of the Environment Report

The state of the Environment Report project manager, Molly McCluer, introduced herself to GPL. Work on the report has been assigned to three teams. The teams will focus on creating and reviewing a database created from various sources.

### Agency Round Table

DOF - Emmor reported that ODF is seeing a rapid growth in the use of GIS.

DEQ - Doug Terra Reported that Amy Clarke-Zimmerly has returned from maternity leave. The One-Stop project has put out an RFP. Companies must get to DEQ by Friday September 11.

ODA - Beatte reported that she is creating support maps for the agencies regional water quality plans. She is also working on basin boundaries that once adopted will be reviewed every two years.

DSL - Bob Harmon from OWRD reported for DSL. Randy is working on the waterway inventory. DSL has purchased Imagine that Randy is using to rectify 9 by 9 aerial photography.

OWRD - Bob Harmon reported that they have hired someone for the Bend office. They will be working with the Swalley Irrigation District.

DLCD - Nothing new is going on at DLCD.

ODOT - The *Inventory and Mapping* section is converting ODFW culvert data to a format they can work with. They are working on a draft layer of the county bridges.

DOGAMI - Paul is working on educating the agency on digital data. They are working on getting all of the Tsunami lines into digital form. (Agencies needing this information should contact Paul about helping complete the work.)
