2 p.m. to 4 p.m.

Forestry Department
2600 State St
Salem Oregon

AGENDA

Presenter(s)	Topic	Time Duration (minutes)
1. Ben Berry	Approval of Minutes / Action Item Follow Up	5
2. John Kost (VP Gartner Government Research) Sally Caplan , Gartner Representative	The Governance of Government IT: Integrating Senior Management into the Leadership of IT IT governance establishes who has rights and input into IT investment and oversight decisions. Without effectively working governance structures and mechanisms, it is difficult to determine whether IT spending is focused on investments which best support a State or Agency's performance, goals and strategies. In creating a governance structure, government leaders must all agree on what their respective roles are. IT cannot be governed in a vacuum. The challenge IT professionals must address in most governments is how best to educate non-IT leaders about the role they must play in the management of IT.	60
3. Mary Beth Herkert Paula Newsome	ERMS CoP Endorsement Request – DoD 5015.2	15
4. All	Agency Sharing / Roundtable	20
5. Ben Berry	Open Source CoP Report: Open Source In Government Updated Inventory Report	20
		120
