

2009 Open Enrollment For 2010 Benefits

This Open Enrollment supports the Public Employees' Benefit Board (PEBB) Mission, Vision and Program Integrity.

This is a mandatory-medical enrollment. This means all PEBB-eligible employees must enroll in a 2010 medical plan (including opt out) during Open Enrollment, Oct. 1-31, 2009.

If you do not actively enroll for a 2010 medical plan during Open Enrollment, PEBB will move you to the employee-only tier in the Statewide Plan, effective Jan. 1, 2010; your dependents will lose coverage that date.

Register to enroll online at <https://pebb.benefits.oregon.gov/members>. In October, log in, enroll in a medical plan and make other changes to your benefits for 2010.

Your benefits depend on you. Take action in October!
