Deduction Adjustment Types

When entering deductions on the Deductions and Deduction Adjustments P070, you may need to enter a value in the ADJ (printed vertically) field. The default for this field is blank – on-going. Other values include A, F, T, or W. An explanation of each of the non-blank options follows.

Use “**A**” for **one-time, operator-calculated** adjustments or corrections. With this type, you must manually enter the amount(s) paid **by** the employee and/or employer, and the amount(s) paid for the administrative fee (board share) (if applicable) and to the vendor. (See Calculating Manually Entered Amounts below.)

Use “**F**” for **one-time adjustments** that **force** OSPA to pay **medical and dental insurance premiums** for an employee who is on leave under the Federal Family and Medical Leave Act (**FMLA**) of 1993 and/or the Oregon Family Medical Leave Act (**OFLA**) and **does not have enough paid time in a given month to qualify** for medical and dental insurance. You must manually enter the amounts paid by the employer, and the employee (if employee pays part of the premium) and the amounts paid for the admin fee (board share) and to the vendor. (OSPS provides instructions and a calculation tool on their Internet web site:

<http://oregon.gov/DAS/SCD/OSPS/processtools.shtml>) If the employee already opts out of medical insurance, the employee will not receive the normal IR adjustment from the Gross Pay Adjustments P050.

Use “**T**” for **one-time, system-calculated** adjustments or corrections. OSPA will use the amount for the deduction code and plan code from the Payroll Deduction Table PTD2 to calculate the deduction. The “T” adjustment is **used primarily for “double deductions”** when medical and/or dental premiums are entered late, and the agency must pay a premium for the prior month. OSPA will not calculate T adjustments if the employee does not meet eligibility minimums. Keep in mind, if the employee opts out of medical insurance, you will also need to enter the IR - Insurance Refund amount with an “A” (one-time) adjustment on the Gross Pay Adjustments P050 screen.

Use “**W**” for **on-going adjustments** that **force** OSPA to pay **medical and dental insurance premiums** for an employee who is on leave due to a **SAIF claim or on military leave** under the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA). You must manually enter the amounts paid by the employer, and the employee (if employee pays part of the premium) and the amounts paid for the admin fee (board share) and to the vendor. (OSPS provides instructions and a calculation tool on their Internet web site:

<http://oregon.gov/DAS/SCD/OSPS/processtools.shtml>) If the employee already opts out of medical insurance, the employee will not receive the normal IR adjustment from the Gross Pay Adjustments P050. Unlike the “F” adjustment, the “W” entry is a permanent adjustment (until cancelled) because a person on leave due to a SAIF claim or active

military duty does not have hours entered on the system that will trigger payment of insurance.

Calculating Manually Entered Amounts

For the A, W, and F adjustment types, you must enter the amount(s) OSPA will deduct.

- The SHARED FIXED AMOUNT is the employee's share.
- The EMPLR SHARE is the portion the state will pay.
- The BOARD SHARE is any PEBB administrative fee.
- The VENDOR SHARE is the amount the vendor will receive.

For insurance premiums, OSPA provides instructions and a processing tool on the Internet: <http://oregon.gov/DAS/SCD/OSPA/processtools.shtml>.

For deduction codes with plan codes, the amounts entered on the P070 must cross foot:
EMPLOYEE FIXED AMOUNT + EMPLR SHARE = BOARD SHARE + VENDOR SHARE

Charitable Fund Drive¹

CFD Codes in Effect from 12/31/07 to 11/30/08

Vendor	Description	Ded Code	Plan Code
Black United Fund of Oregon, Inc.	Member agencies 0100 to 0131	QRNN

PEBB Related Codes

These deduction codes apply to the Public Employees' Benefit Board (PEBB) Plan Year 2008, effective with payroll period ending December 31, 2007.

PLEASE NOTE: These deductions will normally interface from the web-based PEBB "dot" Benefits application. DO NOT enter these directly into OSPA, unless the employee's eligibility date is prior to the current pay period or a PEBB staff member specifically tells you to do so.
