**NOTES:** Columns:

- (1) Citizen complaints allege that a driving activity could either cause a crash or be inappropriate state vehicle use.
- (3) Total incidents is sum of vehicle collisions plus police citations. Vehicle collisions consist of those that occur in

*state vehicles plus the private vehicle collisions that result in workers' compensation injuries.*

- (5) Total state miles is sum of miles from agency-owned vehicles plus miles from agency-driven Motor Pool vehicles.*
- (6) Rate of Incidents per 12,000 miles is the agency's number of Total Incidents divided by the agency's Total State Miles, and then multiplied by 12,000.*
- (8) Collision Cost per 12,000 miles is the agency's Property, Liability, and WC cost (from vehicle collisions) divided by the agency's Total State Miles, and then multiplied by 12,000.*

"High Mileage" agencies are those with at least 50,000 in total miles, state plus private. (Private miles are not shown.)  
If a "High Mileage" agency falls below 50,000 two years in a row, it goes on the "Low Mileage" list.

Data sources are: RiskFolio, SAIF, State Motor Pool.
