### RULE SUMMARY

These rules prescribe minimum standards for the services and supports provided by addictions and mental health providers approved by the Department of Human Services, Addictions and Mental Health Division (AMH). These rules:

- (a) Promote recovery, resiliency, wellness, independence and safety for individuals receiving addictions and mental health services and supports;
- (b) Specify standards for services and supports that are person-directed, youth guided, family-driven, culturally competent, trauma-informed and wellness-informed; and
- (c) Promote functional and rehabilitative outcomes for individuals throughout a continuum of care that is developmentally appropriate.

The Agency requests public comment on whether other options should be considered for achieving the rule's substantive goals while reducing the negative economic impact of the rule on business.
