FOOTNOTE APPENDIX

CHART NO.

- 5A, 5B, 6A, 6B, 7A, 8A, 8B, 11B, 12A, 12B, 13B,** As of November 2003, the Pre-TANF (formerly known as Assessment) case count and the Pre-TANF person count are no longer included in the TANF Basic and TANF UN case and person count. In October 2007 the State Family Pre-SSI/SSDI program was implemented. The case count and person count for this program was included in the TANF Basic and UN counts until November 2007 when we obtained the expenditure data for the State Family Pre-SSI/SSDI program. The caseload decline in June of 2009 is attributed to a change in policy for the Non-Needy Caretaker Relative caseload which now requires the family income – which includes the caretaker and family – to be below 185% of the FPL.
- 7B, 8A, 8B, 13A, 13B, 14A** The TANF expenditures include TANF program expenditures, JOBS program expenditures, and JOBS Plus program expenditures, excluding JOBS Plus Child Care. Effective November 2007 (which was the first month we received expenditure data) the State Family Pre-SSI/SSDI program is not included in the TANF expenditures.
- 17A, 17B** The Pre-SSI/SSDI program and the Post-TANF programs began October 1, 2007.
- 18A, 18B** As of November 2003, the methodology used to capture the Pre-TANF (formerly known as Assessment) participants changed. We now are able to report the number of Pre-TANF participants who received a payment and those who did not receive a payment .
- 20B** “Total JOBS Participants” includes Pre-TANF Program participant counts. Effective with March 2003 data, the count is unduplicated, whereas before, it was duplicated.
- 22A** Effective July 1, 2009 Pre-SSI/SSDI clients are included in the mandatory participation count.
- 23A** Starting with September 2001 data, all placements recorded are for TANF only cases. Prior to this, the placements included Food Stamp as well as TANF placements. As of July 1, 2007, the criteria for recording placements changed.
- 23B, 24A, 2AB, 25B,** As of January 2008 the data source for ERDC cases and children in care was updated. As of October 1, 2007, the totals do not include the Student Block Grant program as it was transferred to the Oregon Student Assistance Commission.
- 31, 32, 33A,** There is currently no funding for non-domestic violence Emergency Assistance. TA-DVS (Domestic Violence EA) is still funded. As of February 2008, we began reporting all cases receiving a TA-DVS service, and whether or not they received a payment. The data source was updated at that time. The cost per case indicates the costs for only the cases receiving a payment.
- 33B, 34, 35, 36, 37, 37, 38, 39A,** As of February 2008 data is pulled from the food stamp management information system. The Food Stamp program name will change to Supplemental Nutritional Assistance Program (SNAP) on January 1, 2010.
- 36A, 36B,** EBT Stands for Electronic Benefit Transfer.
- 39B, 40A** Consumer Price Index information comes from the Bureau of Labor Statistics. These graphs depict information based upon an index of 1982-84 equals 100.

NOTE: All expenditures in this book represent payments made during the data month, but may not be for services provided in the data month. Day care payments, especially, may be for services received one or two months prior to the data month shown. Negative expenditure amounts are caused by refunding from prior months' expenditures.
