

DHS Child Welfare Advisory Committee
Draft
CALENDAR

New information since last printing in RED.

To develop a 12-18 month CWAC work plan, CWAC committee meetings need to be planned around events and deadlines. An initial draft calendar appears below. Items that need to be added to the calendar include:

- Schedule of when CFSR PIP quarterly reports will be sent to CWAC. Sending reports by email replaces having the PIP as a routine CWAC agenda item. If a CWAC member has questions or concerns, they can ask CAF staff for information.
 - Public comment periods for policy and rule changes if there is one of particular interest to CWAC.
