

SIS Supplemental Questions (Section 4)

SEVERE MEDICAL RISK

1. The Individual requires exceptionally high levels of staff support to address severe medical risks related to inhalation or oxygen therapy; postural drainage; chest PT, suctioning; oral stimulation and/or jaw positioning; tube feeding; parenteral feeding; skin care turning or positioning; skin care dressing of open wounds; protection from infectious diseases due to immune system impairment; seizure management; dialysis; ostomy care; medically-related lifting and/or transferring; therapy services, and/or other critical medical supports?

Yes No

- a. The Individual requires frequent hands-on staff involvement to address critical health and medical needs?

Yes No

- b. The Individual's severe medical risk currently requires direct 24-hour professional (licensed nurse) supervision?

Yes No

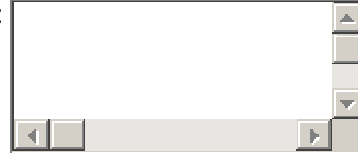

- c. The Individual has medical care plans, in place, that are documented within the ISP process?

Yes No

- d. In Section 3A, Medical Supports Needed, it is determined that extensive support is needed to manage the Individual's medical risk. How many days per week and approximately how many hours per day is the extensive support required?

- e. Describe the imminent (**i.e. within the next 30 to 60 days**) consequences if no support is provided to address the Individual's severe medical risk.

f. Specific SIS Section 3A items marked "2":

SEVERE COMMUNITY SAFETY RISK

2. The Individual is currently a severe community safety risk to others related to actual or attempted assault and/or injury to others; property destruction due to fire setting and/or arson; and/or sexual aggression and has been convicted of a crime related to these risks?

Yes No

a. The Individual has been found guilty of a crime, related to these risks, through the criminal justice system?

Yes No

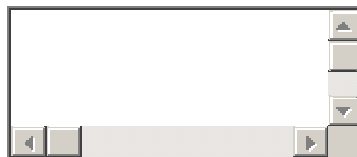

b. The Individual's severe community safety risk to others requires a specially controlled home environment, direct supervision at home, and/or direct supervision in the community?

Yes No

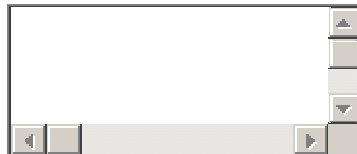

c. The Individual has documented restrictions in place, related to these risks, through a legal requirement or order?

Yes No

d. In Section 3B, Behavioral Supports Needed, it was determined that extensive support is needed to manage the Individual's community safety risk. How many days per week and approximately how many hours per day is the extensive support required?

e. Describe the imminent (**i.e. within the next 30 to 60 days**) consequences if no support is provided to address the Individual's severe community safety risk.

3. The Individual is currently a severe community safety risk to others related to actual or attempted assault and/or injury to others; property destruction due to fire setting and/or arson; and/or sexual aggression and has **not been convicted** of a crime related to these risks?

Yes No

a. Individual has not been found guilty of a crime related to these risks, but displays the same severe community safety risk as a person found guilty through the criminal justice system?

Yes No

b. The Individual's severe community safety risk to others requires a specially controlled home environment, direct supervision at home, and/or direct supervision in the community?

Yes No

c. The Individual has documented restrictions in place, related to these risks, within the ISP Process?

Yes No

d. In Section 3B, Behavioral Supports Needed, it was determined that extensive support is needed to manage the Individual's community safety risk. How many days per week and approximately how many hours per day is the extensive support required?

e. Describe the imminent (**i.e. within the next 30 to 60 days**) consequences if no support is provided to address the Individual's severe community safety risk.

SEVERE RISK OR INJURY TO SELF

4. The Individual displays self-directed destructiveness related to self-injury; pica; and/or suicide attempts which seriously threatens their own health and/or safety?

Yes No

a. The Individual engages in self-directed destructiveness related to self-injury, PICA, and/or suicide attempts, with the intent to harm self?

Yes No

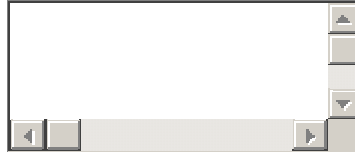

b. The Individual's severe risk of injury to self currently requires direct supervision during all waking hours?

Yes No

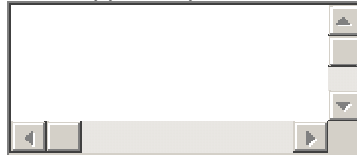

c. The Individual has prevention and intervention plans, in place, that are documented within the ISP process?

Yes No

d. In Section 3B, Behavioral Supports Needed, it was determined that extensive support is needed to manage the Individual's risk of injury to self. How many days per week and approximately how many hours per day is the extensive support required?

e. Describe the imminent (**i.e. within the next 30 to 60 days**) consequences if no support is provided to address the Individual's severe risk of injury to self.
