Re: Information about DMAP pharmacy and prior authorization (PA) changes

As requested in this week's MMIS-MCO Teleconference, here are the DHS staff transmittals for key communication pieces related to DMAP pharmacy changes, so that you can support these changes once the Medicaid Management Information System (MMIS) goes live:

- Pharmacy Benefit Manager (PBM) conversion:

- Prior authorization changes:

You can also eSubscribe to get automatic updates whenever DMAP sends transmittals about new provider announcements at this link:
