

Prioritized List updated

Interim modifications and technical changes to the 2008-2009 Prioritized List, along with new and revised guidelines, become effective April 1, 2009. One of the many guideline changes concerns increased dental services for children.

Information about the Prioritized List is available on the Health Service Commission (HSC) Web site: www.oregon.gov/OHPPR/HSC/current_prior.shtml.

New Provider Web Portal search tool

In March, DHS implemented a new search feature on the Provider Web Portal. Providers can now search for HSC Prioritized List procedure and diagnostic codes and client specific information. Information includes a description of the diagnosis, service and practice guidelines.

Log onto the Provider Web Portal at: <https://www.or-medicaid.gov>. The search function is located at the Provider drop-down menu, “Benefits and HSC Inquiry.”

E-Subscribe today

E-subscribe to the Provider Announcements page at www.oregon.gov/DHS/healthplan/notices_providers/main.shtml to ensure you receive important updates.

To e-subscribe, click on the  icon at the top part of the page, just below “Provider Announcements.”

To reduce administrative costs, OHP is moving towards paperless communications using e-subscribe for all provider communications.

E-subscribe service is free and encouraged by the Department of Human Services.
