Survey Results: Discussion and Ideas	Jon has an opportunity to look over the survey results a few weeks ago and from that review it appears that we will be at 50% for ebp implementation. We will look at the survey results much closer this week and provide a complete summary at the next meeting.	Attach ebp practice list to minutes	Arlenia	
Review of Draft Judiciary Report	<p>A draft of the judiciary report was distributed to the stakeholders. It was decided to keep the report concise, cover data and only what the legislature is wanting. An additional report will be drafted in more detail with survey results for stakeholders and strategic plans for AMH.</p> <p>The final version of the judiciary report will be presented to the committee in early October and copy emailed to stakeholders.</p>	Attach Draft report to minutes	Arlenia	
Prevention Survey, Fidelity and Certification	<p>Rick Cady was unable to attend this meeting, however will address these topics at the next meeting.</p> <p>Pauline gave an overview on the prevention fidelity review that AMH is implementing. Last year a small committee created a general fidelity-monitoring tool to be used on practices that did not have tools. This fall the committee will implement the tool on 4 practices. Results of this project will be available in late Winter.</p>			
Communication and Newsletter	<p>SAMHSA is coming out with new tool kits and links will be included in email with minutes and added to upcoming newsletter.</p> <p>Hawaii Report on core components is currently on the AMH EBPS web page, however the power point will be added.</p> <p>The newsletter received good reviews.</p>	Put the power point from Hawaii on website. Other	<p>There is a survey being done by Eco-Northwest regarding EBPs used with the criminal justice system, that will be sent from Bob Nickel's office. We are working with them to help with this survey, we have some reservations about how they are going to get all the information they need for this report. We are hopeful that we can talk to them about the resources needed to attain that information.</p> <p>Question arose regarding "how do providers bill for new EBP's. (through Medicaid)? Shawn will invite Ralph Summers to attend next meeting to address</p>	<p>Jon to contact researchers from EcoNW</p> <p>Shawn to invite Ralph</p>	<p>Jon</p> <p>Shawn</p>
