

**Addictions and Mental Health Division (AMH)**  
**Re-evaluation Process and Form for Evidence-Based Practices (EBPs)**  
**October 29, 2008**

A practice is included on the AMH approved list of EBPs once AMH internal staff and external reviewers have reviewed an application of the practice to see if it meets the AMH definition and criteria for EBPs. AMH has two designated practice levels: approved and not approved. See DHS/AMH EBP Web site: (<http://egov.oregon.gov/DHS/mentalhealth/ebp/main.shtml>) for definition and criteria.

If you have questions or concerns and believe that the placement of a practice is incorrect, contact Shawn Clark ( 503-945-9720) or by email: [shawn.clark@state.or.us](mailto:shawn.clark@state.or.us) for further information. To begin the re-evaluation process, please complete this form and return to Greta Coe , AMH, 500 Summer Street NE, E86, Salem, OR 97301, or via email: [greta.l.coe@state.or.us](mailto:greta.l.coe@state.or.us) .

Name:

Organization/Agency (optional):

Mailing address:

Phone:

Email Address:

Practice title:

Action requested: To add a practice that has been disapproved or to delete a practice that has been approved.

Reason for the re-evaluation (include supporting materials and research):

Once AMH receives the re-evaluation form, the AMH EBP Manager will assign the practice to a second external reviewer. The reviewer will have four months to complete the review and make recommendations to AMH. We will send a letter to inform the requestor of the results.

An applicant may contact the AMH Assistant Director for a final review and decision.
