**RULE SUMMARY**

The Department of Human Services, Public Health Division is proposing to amend specified rules in OAR 333-061 relating to Oregon's public water systems. Actions taken by the 2007 Legislature (HB2187, Chapter 447 2007 Laws, ef. Jan 1, 2008) authorize DHS to impose new fees on water

suppliers to recover the costs of conducting periodic sanitary surveys. Other revisions include housekeeping changes and short-term regulatory revisions and clarifications to the lead and copper rules: Groundwater Under the Direct Influence (GWUDI) determination criteria and monitoring requirements.

The Agency requests public comment on whether other options should be considered for achieving the rule's substantive goals while reducing the negative economic impact of the rule on business.

**January 17, 2008 at 5:00 p.m.**
