

**State of Oregon - Department of Human Services
Lead Based Paint Program
Certified and Licensed Lead-Based Abatement and
Testing Firms for Residential Properties
Last Update: Wednesday, June 03, 2009**

ATTENTION: To determine whether or not a certified firm provides services to residential properties, please contact the firm directly

The Lead Based Program provides this List of Lead Abatement Professionals and Firms as a public service for those of you who are seeking a professional abatement firm to perform lead-based activities in and around your home. OAR 333 069, Certification of Individuals and Firms Engaged in Lead-Based Paint Activities, requires every firm whose employees conduct lead-based paint activities to be certified by the State of Oregon as a Lead-Based Firm. The Construction Contractor's Board also requires a Lead Abatement Business Endorsement. The lead abatement certified firms agree to only employ certified employees of the appropriate discipline to conduct lead-based paint activities and to follow the lead based paint activities as prescribed in OAR 333 069, paragraphs 0005 through 0090. The State of Oregon does not favor one firm over another and any references herein to any organizations, specific commercial products, process, or service by trade name, trademark, manufacturer, or otherwise, do not necessarily constitute or imply its endorsement or recommendation.

Key to Firm Certifications	I = Inspections	S = Lead Hazard Screening
	PI = Partial Inspections	RA = Risk Assessments
	CT = Clearance Testing	A = Abatement
